FAX (707) 257-9534

February 19, 2013

Honorable Mayor and Council Members:

Presented for your review and approval is the City of Napa's 2nd quarter financial report for FY2012-13. The intent of this report is to provide Council with current information regarding the status of the City's financial position and to provide regular updates regarding the status of departmental priority projects. The report describes the revenue collection numbers from major sources and also provides information on fiscal year expenditures.

The report also includes a section addressing the City's investment portfolio. This section outlines the status of the investment portfolio and provides information on the performance, or return on investments.

In addition, the report contains reports describing ongoing priority projects being addressed by the various City departments. Each project includes a description of the underlying goal for the project, describes the process and timeline being followed to complete the effort, and assigns responsibility for each activity. These reports are intended to keep the Council informed of the status of projects that have been assigned with priority status. It also serves as a communication vehicle to ensure that the City Council and staff are working on the right priorities and the direction of each project is consistent with the goals of the City Council. We anticipate coming back to you in future reports with updates to project timelines as we continue to adjust City priorities based on workload demand and changing resources.

The fourth section of the report contains a summary status of select Capital Improvement Projects for review and consideration. These reports provide an overview and map of the projects, as well as updates on the status, schedule, and costs to-date.

The last section of the report provides information collected from our *Customer Service* software system. This information allows the Council to track the nature and number of service requests received from the public and to monitor the administration's responsiveness to those requests.

In order to better serve your needs, please let me know if you have comments or suggestions regarding the content or organization of this report.

Sincerely,

A handwritten signature in black ink, appearing to read "Mike Parness". The signature is fluid and cursive, with a large initial "M" and a long, sweeping underline.

Mike Parness
City Manager

Introduction

This report provides an analysis of the City's General Fund revenues and expenditures for the second quarter of the 2012-13 fiscal year.

Management's Overview

The City's two year budget for fiscal years 2011-12 and 2012-13 was adopted by the City Council on June 21, 2011. The Mid-Cycle review, which included adjustments to structurally balance FY 2012-13 was adopted by the City Council on June 5, 2012. The 1st Quarter report (July 1, 2012 through September 30, 2012) was presented to the City Council on November 20, 2012. The purpose of the quarterly report is to provide regular updates to the Council regarding revenue and expenditure trends to ensure the City Council has a strong understanding of the City's current financial condition. The numbers in this report are based on the FY 2012-13 revenues and expenditures through December 31, 2012. A discussion of the significant budget items is presented below.

FY 2012-13 Budget

The FY 2012-13 budget as originally adopted estimated revenues of \$59.2 million to fund expenditures of \$63.1 million with the resulting \$3.9 million shortfall to be funded from operating reserves. The Mid-Cycle adjustment increased the FY2012-13 revenue by \$3.0 million to \$62.2 million, and reduced the expenditures by \$1.0 million to \$62.1 million, resulting in a positive operating position of \$0.1 million. The 1st Quarter report further increased the revenues by \$1.8 million, increasing the positive operating position to \$1.9 million.

Budget Update

Additional information on the City's major revenue sources and expenditure patterns has been gathered during the first six months of this fiscal year. Operating revenues are projected to be \$65.4 million, which is \$1.3 million higher than the 1st Quarter adjusted budget. Staff is therefore recommending a budget adjustment of a \$1.3 million increase in Transient Occupancy Tax revenues (TOT) through the 2012-13 fiscal year. Operating Expenditures are projected to total \$62.0 million, \$0.3 million less than the current budget.

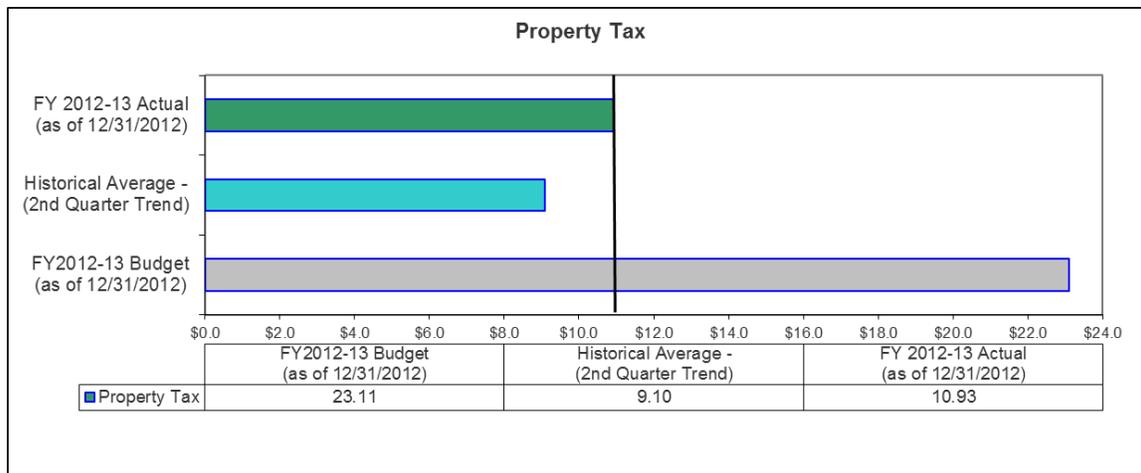

For the remaining \$3.4 million projected surplus, approximately \$0.3 million is considered to be one-time in nature, as it is related to existing vacancies in

Public Safety and Human Resources. These “one-time savings” of salary and benefit expenditures will be required as these positions are filled. \$3.1 million, consisting of property tax (increased home values and sales activity), sales tax (increased activity) and transient occupancy tax (higher occupancy rates) is considered to be on-going and sustainable.

Major Revenues

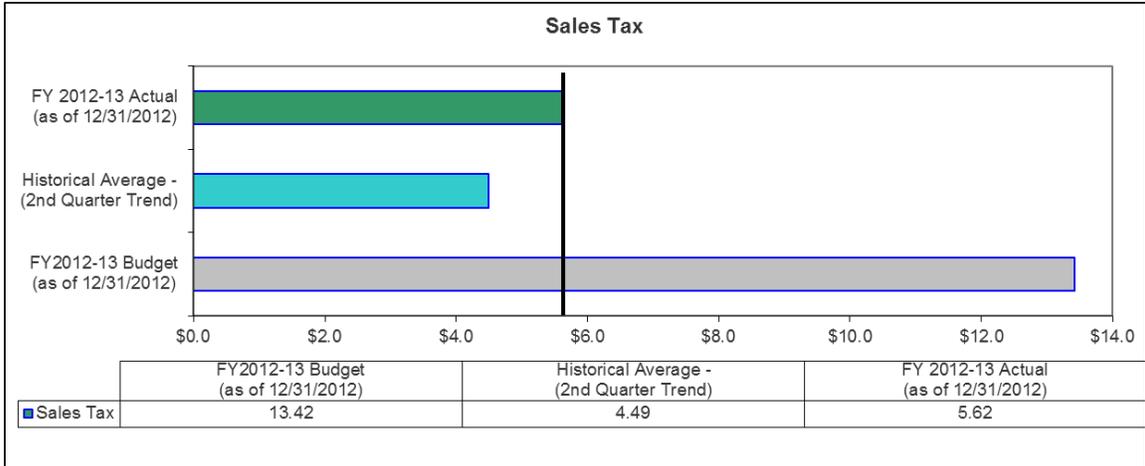

Property Tax - The FY 2012-13 Property Tax Receipts were originally budgeted at \$22.4 million, then increased to \$22.7 million during the Mid-Cycle budget review. Property Tax revenue was further increased by \$0.4 million in November 2012 (to \$23.1 million) as part of the 1st Quarter report, due to increased activity in the real estate market.

The City’s major source of property tax revenue to the General Fund is residential property (77.6%), followed by commercial property (12.2%) and industrial property (5.1%). The \$10.93 million received to date is the first installment of FY2012-13 property tax revenue from the County. The second installment is typically received in the 4th Quarter. Although it appears we are ahead of the 5-year trend by approximately \$1.8 million, we will be watching these revenues over the next quarter to ensure the increase is sustainable, and is not just related to property owners paying in full in December, rather than splitting their property tax remittance over two installments (December and April).

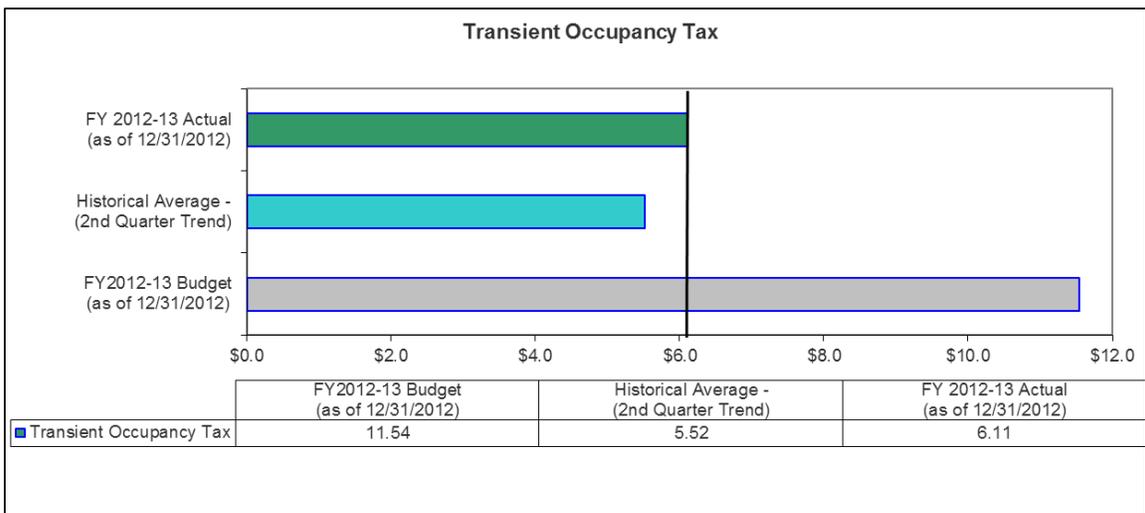

Sales Tax – Sales Tax for FY 2012-13 was originally budgeted at \$12.3 million, and then amended to \$12.7 million during the Mid-cycle review. An additional increase of \$0.7 million was approved during the 1st Quarter report, increasing the total Sales Tax Revenue projection for FY 2012-13 to \$13.4 million.

The following graph tracks the Sales Tax (on sales through October 31, 2012) as compared to the second quarter average trend over the past five years and indicates that we are ahead of that trend by \$1.1 million. We will be watching this trend over the next quarter to ensure the increase is sustainable, and will propose an increase to this revenue in the 3rd Quarter report if it is warranted.

Transient Occupancy Tax - Tourism in the Napa Valley continues to strengthen, providing additional indication of the economic recovery. FY 2012-13 TOT Revenue was originally budgeted at \$10.6 million then increased to \$10.8 during the Mid Cycle review. The 1st Quarter report further increased this revenue projection by \$0.7 million for a total of \$11.5 million. There are currently 24 hotels, 19 bed and breakfast establishments and 36 vacation rentals generating transient occupancy tax revenue within the City.

The following graph tracks the Transient Occupancy Tax (as remitted by hotels, inns, etc. for stays through October 31, 2012) as compared to the second quarter average trend over the past five years and indicates that we are ahead of that trend by \$0.6 million. An increase of \$1.3 million in FY2012-13 TOT revenue is requested, which would bring the TOT projection to \$12.8 million. This increase is consistent with current projections by the tourism industry.

Expenditures

As of December 31, 2012 departments were operating within their approved budgets.

The following table provides the expenditure budget and actual spent to date for each department through December 31, 2012. Although Public Works appears to be overspending at this time, increased Capital Project activity in the 3rd and 4th Quarters are anticipated to significantly reduce the charges to General Fund, bringing the projected annual expenditures in line with the approved budget.

Expenditures by Department	Budget 12/31/2012 (\$ in Millions)	Actual 12/31/2012 (\$ in Millions)	%
City Council / City Clerk	0.99	0.42	41.98%
City Manager	1.17	0.52	44.22%
Finance	5.05	2.43	48.19%
City Attorney	0.93	0.41	43.83%
Human Resources	1.06	0.42	39.66%
Community Development	3.11	1.27	40.78%
General Government	3.02	1.49	49.42%
Police Department	21.10	9.98	47.31%
Fire Department	12.91	6.48	50.17%
Public Works	6.55	3.56	54.43%
Parks & Recreation	6.44	3.24	50.31%
<i>Subtotal Expenditures</i>	<i>62.34</i>	<i>30.22</i>	<i>48.48%</i>

Operating Position

As noted in the Budget Update section beginning on page 1 of this report, the FY 2012-13 General Fund budget is currently projecting a positive operating position of \$3.4 million (5.4% of the General Fund expenditure budget), based on recommended 2nd Quarter budget adjustments.

Other City Funds

In addition to the General Fund, the Quarterly Report also provides a snapshot of the City's Proprietary Funds. These funds are made up of Enterprise Funds and Internal Service Funds. A listing of these funds and summary of the quarterly activity follows below:

Enterprise Funds – Enterprise Funds are those that provide goods or services to the public for a fee that makes the entity self-supporting. Napa's Enterprise Funds include: Solid Waste & Materials Diversion, Golf and Water.

Internal Service Funds - Internal Service Funds are used to account for the financing of goods and services provided by one department to other departments of the city. Napa's Internal Service Funds include: Fleet Management, Central Stores, Information Technology Replacement, Risk Management, and Post-Employment Benefits.

The table below lists the activity for each of the Enterprise or Internal Service Funds through December 31, 2012.

Proprietary Fund		FY 2012-13 Budget <i>(as of 12/31/2012)</i>	FY 2012-13 Actual <i>(as of 12/31/2012)</i>	Actual to Date %
Solid Waste & MDF	Revenues	28,406,100	12,251,416	43.13%
Solid Waste & MDF	Operating Expenditures	28,612,056	9,556,115	33.40%
Solid Waste & MDF	Capital & Non Recurring Expenditures	3,339,200	123,643	3.70%
<i>Fund Balance Addition/(Reduction)</i>		<i>(3,545,156)</i>	<i>2,571,658</i>	<i>-</i>
Golf Operating Revenue	Operating Revenues	1,834,137	850,707	46.38%
Golf Operating Expenditures	Operating Expenditures	1,788,186	828,091	46.31%
<i>Fiscal Year Net Operating Position</i>		<i>45,951</i>	<i>22,616</i>	
<i>Fund Balance Addition/(Reduction)</i>		<i>45,951</i>	<i>22,616</i>	<i>-</i>
Water	Revenues	26,233,424	12,114,239	46.18%
Water	Operating Expenditures	26,403,512	8,553,241	32.39%
Water Capital Expenditures	Capital & Non Recurring Expenditures	3,554,577	1,364,293	38.38%
<i>Fund Balance Addition/(Reduction)</i>		<i>(3,724,665)</i>	<i>2,196,705</i>	<i>-</i>
Fleet Replacement Revenues		3,519,322	1,790,414	50.87%
Fleet Replacement Expenditures		3,471,516	1,731,316	49.87%
<i>Fund Balance Addition/(Reduction)</i>		<i>47,806</i>	<i>59,098</i>	
Central Stores Revenues		674,957	330,680	48.99%
Central Stores Expenditures		644,432	264,420	41.03%
<i>Fund Balance Addition/(Reduction)</i>		<i>30,525</i>	<i>66,260</i>	
IT Replacement Revenues		169,550	83,351	49.16%
IT Replacement Expenditures		169,550	40,950	24.15%
<i>Fund Balance Addition/(Reduction)</i>		<i>-</i>	<i>42,401</i>	
Risk Management Revenues		4,319,214	1,384,664	32.06%
Risk Management Expenditures		2,683,431	1,628,609	60.69%
<i>Fund Balance Addition/(Reduction)</i>		<i>1,635,783</i>	<i>(243,945)</i>	
Post Employment Benefit Revenues		1,255,969	471,379	37.53%
Post Employment Benefit Expenditures		1,255,969	921,094	73.34%
<i>Fund Balance Addition/(Reduction)</i>		<i>-</i>	<i>(449,715)</i>	

Two funds currently are experiencing a negative operating position as of December 31, 2012.

- a. The Risk Fund expenditures do not follow a consistent pattern, but rather are related to current litigation or settlement negotiations. It is currently projected the Risk Fund will complete the year in a positive operating position.
- b. Expenditures from the Post Employment Benefit Fund are made both to the Trust Fund, and also as health plan reimbursement to our Retirees. After the final payroll, but prior to the closing of the fiscal year, a reimbursement will be made from the Trust Fund to the Post Employment Benefit Fund which will bring this fund into a net \$0 operating position.

What We Are Watching

Nationally:

We continue to be cautiously optimistic for the future as the recovery from the economic recession makes slow but steady progress. In particular, we will continue to pay close attention to the unsettled financial climate in Washington from the impact of the January actions on the fiscal cliff to the impending debt ceiling discussion, to make sure we understand and are able to adjust to how resulting decisions or policies will affect the national, state and local economies.

"While there are signs of improvement, it is still too early to say that cities have turned the corner," said Christopher Hoene, co-author of the National League of Cities 2012 City Fiscal Conditions Report, and Director of the Center for Research and Innovation at NLC. He continued, "The broader economy is still growing at a slow rate, and housing values, income levels, and consumer spending - the main determinants of tax receipts - are not improving significantly. It all points to a difficult 2013 for cities."

State:

At the State level, the condition of the economy remains fragile. Even with the passage of Proposition 30 on the November ballot, the true economic impact to the state remains uncertain as the tax increases will have an impact on both businesses and citizens. Additionally, the financial impacts to local communities of the dissolution of the Redevelopment Agencies across the state continue to be unclear. On a positive note, the unemployment rate in the state, although still high (9.8% in December as reported by the U.S. Bureau of Labor Statistics) has fallen 0.9% since the beginning of the fiscal year (July 1, 2012)

Local Economic Condition:

The City of Napa continues to realize growth in its major taxes (property, sales and TOT). Additionally the housing market is continuing to strengthen, as the median house prices rose 10.2% between December 2011 and December 2012. Unfortunately, there has been unsettled news on unemployment, as local rates rose from 7.7% in July, 2012 to 7.9% in December 2012. We will continue to monitor these trends to ensure we remain responsive to growing needs, yet cautious through the remainder of the fiscal year.

Recommendation

Adopt a Resolution Approving and Adopting Amendments to the Budget for the 2012-13 Fiscal Year, with the following adjustments:

Increased Revenues:

- Increase Transient Occupancy Tax Revenues by \$1.3 million (IFAS 41940.31402)

Financial Update - General Fund				Attachment A	
	FY 2012-13 Budget (as of 12/31/2012)	FY 2012-13 YTD (as of 12/31/2012)	% to date (Budget to Actual)	Projected	Second Quarter Adjustment

In accordance with Resolution R2011 93 Section 8 and 9 the City Manager is authorized to increase appropriations for specific purposes, as long as the expenditure appropriations do not exceed the amount of the donation, and the adjustment is reported to the City Council as part of the Quarterly Financial Report.

The appropriations authorized by the City Manager in FY 2012-13 are listed below:

Budget Adjustment Summary	Revenues	Expenditures
Police Department - Reimbursements	6,000.00	6,000.00
Fire Department - Reimbursements	22,477.09	22,477.09
Parks & Recreation - Donations	1,000.00	1,000.00
Franchise Taxes - Reimbursements	15,637.00	15,637.00
Public Works - Reimbursements for Consultant Services	49,818.00	49,818.00
Risk Management - Reimbursements	380,569.74	380,569.74
TOTAL	475,501.83	475,501.83

Introduction

This report represents the City’s investment portfolio as of December 31, 2012. The report includes all invested City funds with the exception of bond proceeds. All investments are in compliance with the City’s adopted Statement of Investment Policy.

Investment Approach

The City’s investments are guided by an Investment Policy which is reviewed and approved by the Council annually. The Investment Policy was last approved by the City Council in June 2012 and is provided as an appendix to this report for reference. The policy directs that investment goals, in order by priority, are safety, liquidity, and yield. This conservative approach ensures assets are available for use while also allowing the City to earn additional resources on idle funds. The City relies on an investment advisor and the State investment pool known as the Local Agency Investment Fund (LAIF).

Current Market Conditions

The Federal Reserve changed its guidance on when rates will rise from mid-2015 to whenever unemployment falls below 6.5% or inflation rises above 2.5%. However, most investors believe these timelines are essentially the same as unemployment is forecast to break that milestone in mid-late 2015. The City will continue to monitor all investments for negative market exposures and react as necessary to preserve assets. LAIF rates have remained fairly constant around 0.38% – 0.32% for 2012.

Total Return Comparison
Periods Ending December 31, 2012

	Past Quarter	Past Year	Past 3 Years	Past 5 Years
City of Napa	0.13%	1.74%	2.62%	3.88%
Merrill Lynch 1-5 Year Government Index	0.06%	0.98%	2.54%	3.35%
LAIF	0.08%	0.35%	0.44%	1.13%

** Returns for periods under one year are periodic; all other returns are annualized.*

Portfolio Information

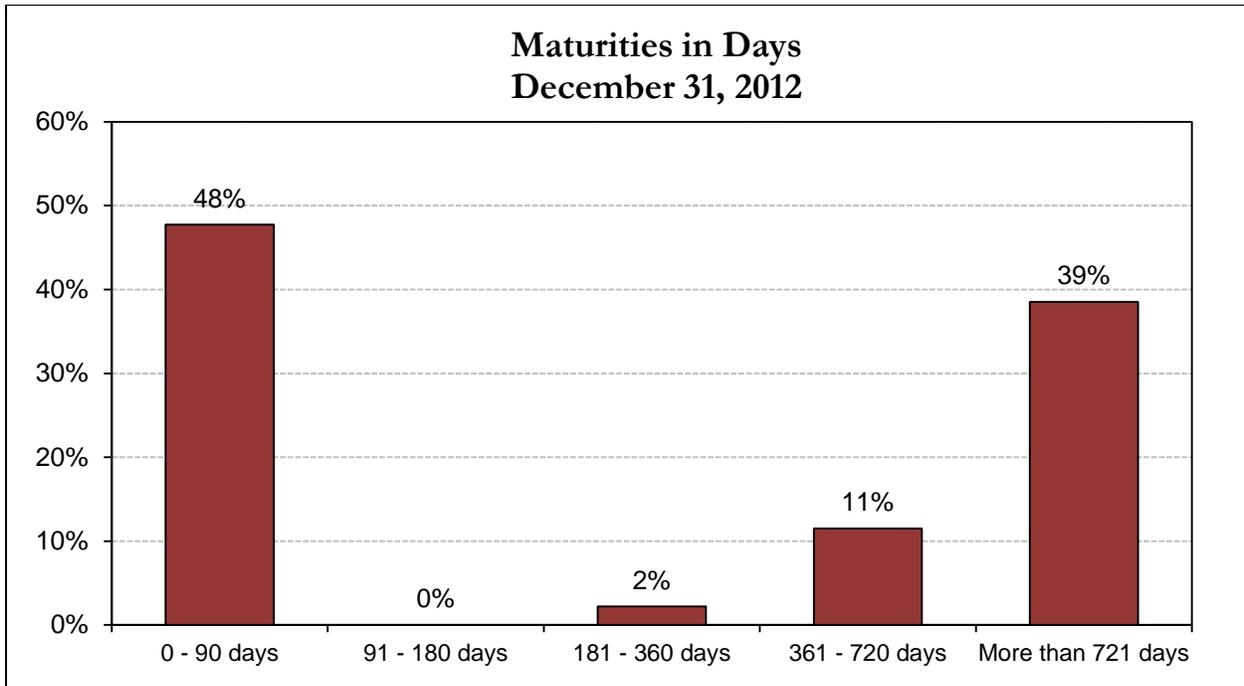

The City’s cash, excluding bond proceeds, is pooled for investment purposes. As of December 31, 2012 invested funds totaled \$96,786,637, which is \$1.4 million more than the \$95.4 million invested funds total at the end of the 4th quarter of FY 2010/11. These investments belong to the General Fund and to restricted funds such as the Developer, Special District, Water, Solid Waste, and Recycling Funds.

The current City portfolio consists of six types of investments: U.S. Treasuries, Federal Agencies, Corporate Debt, Negotiable Certificates of Deposit, and Cash instruments such as money markets and LAIF. As noted in the chart below and on the attached investment detail report, the City’s investment portfolio as of December 31, 2012 was heavily weighted towards the State Local Agency Investment Fund (LAIF) and high-quality (AA+ rated) Federal Agency securities to maintain the focus on safety and liquidity.

The City’s Investment Policy allows for a 5-year time horizon with an emphasis on liquidity. As of December 31, 2012, 48% of the City’s funds were invested in very short-term liquid investments (LAIF), 13% of the funds were invested with maturities between 90 days and 2 years, and 39% of the investment portfolio had a maturity ranging from 2 to 5 years. This distribution allows the City the necessary liquidity to meet operational

and emergency cash needs while maximizing returns on funds not needed in the immediate future.

Conclusion

All City funds are invested in accordance with the approved Investment Policy with an emphasis on safety, liquidity, and yield (in that order). The City’s investment strategy of balancing the investment portfolio between short-term investments (to meet cash flow needs) and longer-term maturities (to realize a higher rate of return) is appropriate given the current market conditions. With short-term interest rates anchored by the Federal Reserve’s zero interest rate policy, longer-term rates continue to trade within a set range.

The investment portfolio will continue to be closely monitored to ensure the avoidance of risk and to respond to changes in market conditions.

RESOLUTION R2012 77

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF NAPA, STATE OF CALIFORNIA, TO ADOPT AN UPDATE TO THE CITY'S STATEMENT OF INVESTMENT POLICY, AND DELEGATE AUTHORITY TO THE CITY TREASURER TO INVEST FUNDS IN ACCORDANCE WITH THE STATEMENT OF INVESTMENT POLICY

WHEREAS, consistent with California Government Code Section 53646, the City Treasurer annually renders to the City Council a statement of investment policy; and

WHEREAS, consistent with Government Code Section 53607, the City Council annually delegates authority to the City Treasurer to make investments on behalf of the City; and

WHEREAS, the Council appointed the Finance Director to serve as the City Treasurer on October 3, 2006; and

WHEREAS, the City Council has considered all information related to this matter, as presented at the public meetings of the City Council identified herein, including any supporting reports by City staff, and any information provided during public meetings.

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Napa, as follows:

1. The City Council hereby finds that the facts set forth in the recitals to this resolution are true and correct, and establish the factual basis for the City Council's adoption of this resolution.
2. The City Council of the City of Napa, State of California hereby adopts the update of the City's Statement of Investment Policy attached hereby as Exhibit "A".
3. The City Council hereby delegates authority to the City Treasurer to invest funds in accordance with the City's Statement of Investment Policy.
4. This Resolution shall take effect immediately upon its adoption.

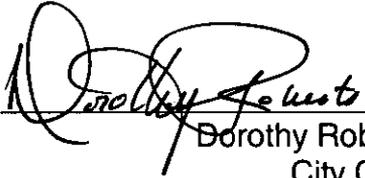

I HEREBY CERTIFY that the foregoing Resolution was duly adopted by the City Council of the City of Napa at a public meeting of said City Council held on the 19th day of June, 2012, by the following vote:

AYES: van Gorder, Mott, Inman, Krider, Techel

NOES: None

ABSENT: None

ABSTAIN: None

ATTEST: 
Dorothy Roberts
City Clerk

Approved as to form:

Michael W. Barrett
City Attorney

CITY OF NAPA,
STATEMENT OF INVESTMENT POLICY
June 2012

1. Policy

It is the policy of the City of Napa to invest public funds in a manner which will provide maximum security, meet the daily cash flow demands of the City, and provide highest investment return while conforming to all California laws and local statutes governing the investment of public funds.

2. Scope

This investment policy applies to all the funds and investment activities under the direct authority of the City of Napa, including that of the Housing Authority of the City of Napa and the Napa Community Redevelopment Agency. Excluded from these funds are the employees' retirement funds which are separately administered and the reserve requirements of certain debt issues which are invested by trustees appointed under indenture agreements. Funds are accounted for in the City's Comprehensive Financial Report and include the following:

- General Fund
- Special Revenue Funds
- Capital Project Funds
- Debt Service Funds
- Enterprise Funds
- Internal Service Funds
- Trust and Agency Funds

3. Prudence

All persons authorized to make investment decisions on behalf of the City are trustees and therefore fiduciaries subject to the prudent investor standard: "When investing, reinvesting, purchasing, acquiring, exchanging, selling, or managing public funds, a trustee shall act with care, skill, prudence, and diligence under the circumstances then prevailing, including, but not limited to, the general economic conditions and the anticipated needs of the agency, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the agency.

4. Objective

The primary objectives in priority order, of the City of Napa's investment activities shall be:

4.1 Safety: Safety of principal is the foremost objective of the investment program. Investments of the City of Napa shall be undertaken in a manner that seeks to ensure that capital losses are avoided, whether from securities default, broker-dealer default, or erosion of market value. To attain this objective, diversification is required in order that potential losses on individual securities do not exceed the income generated from the remainder of the portfolio. The City may elect to sell a security prior to its maturity and record a capital gain or loss in order to improve the quality, liquidity or yield of the portfolio in response to market conditions or the City's risk preferences.

4.2 Liquidity: The City of Napa's investment portfolio will remain sufficiently liquid to enable the City to meet all operating requirements which might be reasonably anticipated.

CITY OF NAPA,
STATEMENT OF INVESTMENT POLICY
June 2012

4.3 Return on Investment: The City of Napa's investment portfolio shall be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into account the City's investment risk constraints and the cash flow characteristics of the portfolio.

5. Delegation of Authority

Pursuant to the City of Napa Municipal Code Section 2.32.030(g), the Finance Director/Treasurer is delegated investment authority and is responsible for investment decisions and activities. Section 53607 of the California Government Code requires that delegation of authority is only valid for a one-year period or until the delegation of the authority is revoked or expires. Authority must be renewed each year. The Treasurer shall establish written procedures for the operation of the investment program consistent with this investment policy. Procedures should include reference to: Safekeeping, master repurchase agreement, wire transfer agreement, collateral/depository agreement and banking service contract. Such procedures shall include explicit delegation of authority to persons responsible for investment transactions. No City personnel may engage in an investment transaction except as provided under the terms of this policy and the procedures established by the Treasurer. He or she shall be responsible for all transactions undertaken and shall establish a system of controls to regulate the activities of subordinate officials. The City may engage the services of one or more external investment managers to assist in the management of the City's investment portfolio in a manner consistent with the City's objectives. Such external managers may be granted discretion to purchase and sell investment securities in accordance with this Investment Policy. Such managers must be registered under the Investment Advisors Act of 1940.

6. Ethics and Conflicts of Interest

Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair their ability to make impartial investment decisions. Employees and investment officials shall disclose to the City Manager any material financial interests in financial institutions that conduct business within the jurisdiction, and they shall further disclose any large personal financial/investment positions that could be related to the performance of the City of Napa's portfolio. Employees and officers shall subordinate their personal investment transactions to those of the City's, particularly with regard to the time of purchases and sales.

7. Authorized Money Managers, Financial Dealers and Institutions

The City may contract with professional money managers to assist in the management of all or part of its investment portfolio in compliance with the investment guidelines detailed in "Appendix A".

If the City Treasurer directly invests in individual securities, then the City will maintain a list of financial institutions and primary dealers authorized to provide investment services. Professional money managers working with the City may maintain their own list. "Primary" dealers include those that regularly report to the Federal Reserve Bank and should qualify under Securities and Exchange Commission Rule 15C3-1 (uniform net capital rule).

CITY OF NAPA,
STATEMENT OF INVESTMENT POLICY
June 2012

All financial institutions, dealers and cash managers who desire to become qualified bidders for investment transactions must supply the City with the following: audited financial statements, proof of National Association of Security Dealers certification when applicable, trading resolution, proof of State of California registration when applicable, completed questionnaire and certification of having read the City of Napa's investment policy and depository contracts.

A current audited financial statement is required to be on file for each financial institution and dealer.

8. Authorized Investments

The City is governed by the California Government Code Sections 53600 et seq. Authorized investments of the City are detailed in Appendix "A" which is made part of this investment policy.

9. Collateralization

Collateralization will be required as indicated in Appendix "A". Collateral will always be held by an independent third party with whom the City has a current custodial agreement. A clearly marked evidence of ownership (safekeeping receipt) must be supplied to the city and retained. The right of collateral substitution may be granted.

10. Safekeeping and Custody

All securities owned by the City, shall be held in safekeeping by the City's custodian bank or a third party bank trust department, acting as agent for the City under the terms of a custody or trustee agreement executed by the bank and by the City. All securities will be received and delivered using standard delivery-versus-payment (DVP) procedures.

11. Diversification

The City will diversify its investments by security type and institution as detailed in Appendix "A".

12. Maximum Maturities

Unless matched to a specific cash flow, the City will not directly invest in securities maturing more than 5 years from the date of purchase (See exception indicated in Appendix "A").

13. Internal Control

The Treasurer shall establish a system of written internal controls which shall be reviewed by an independent auditor. This review will provide internal control by assuring compliance with policies and procedures. The controls shall be designed to prevent losses of public funds arising from fraud, employee error, misrepresentation of third parties, unanticipated changes in financial markets, or imprudent actions by employees and officers of the city. Controls deemed most important include: control of collusion, separation of duties, separation of transaction authority from accounting and recordkeeping, clear delegation of authority, specific limitations regarding securities losses and remedial action, written confirmation of telephone transactions, minimizing the number of authorized investment officials, documentation of transactions and strategies, and code of ethics standards.

14. Performance Standards

The investment portfolio shall be designed to attain a market average rate of return through budgetary and economic cycles, taking into account the investment risk constraints and cash flow needs. The specific investment performance objective for the portfolio shall be to earn a total rate of return over a market cycle which is approximately equal to a market benchmark index. The current benchmark index for the portfolio is the Merrill Lynch U.S. Treasuries/Agencies 1-5 Year Index.

CITY OF NAPA,
STATEMENT OF INVESTMENT POLICY
June 2012

15. Reporting

Per California Government Code section 53607, the Finance Director/Treasurer shall provide monthly transactions to the City Council.

Per California Government Code section 53646, the Finance Director/Treasurer shall render a quarterly report to the City Council. This report shall include:

- Type of investment, issuer,
- Date of maturity,
- Par and dollar amount invested on all securities,

The quarterly report shall state compliance of the portfolio to the statement of investment policy, or manner in which the portfolio is not in compliance. The quarterly report shall also include a statement denoting the ability of the local agency to meet its pool's expenditure requirements for the next six months, or provide an explanation as to why sufficient money shall, or may, not be available.

Monthly statements generated by the City's contracted investment managers shall provide the following information:

- Type of investment
- Issuer
- Maturity date
- Par and dollar amount invested on all securities
- Market value as of the date of the report and source of valuation

16. Investment Policy Adoption

The City of Napa's investment policy shall be adopted by City Council resolution. Any modifications made thereto must be approved by the City Council.

CITY OF NAPA,
STATEMENT OF INVESTMENT POLICY
June 2012

ALLOWABLE INVESTMENTS AND ADDITIONAL INVESTMENT GUIDELINES

A. INVESTMENTS—all credit and concentration limits shall apply at time of purchase.

1. U.S. Treasury Securities (bills, notes and bonds) are sold to finance gaps between the federal government's receipts and expenditures.

A treasury bill (or T-bill) is an obligation of the U.S. government to pay the bearer a fixed sum on a specific date. Bills are sold by the Treasury at a discount from their par (face) value through a competitive auction.

Treasury notes are coupon securities paying interest every six months and have a fixed maturity of not less than one year and not more than 10 years.

Treasury bonds are coupon securities paying interest every six months with maturities of more than 10 years.

California Government Code Section 53601 Requirement: No limit specified:

City of Napa Limitation:

- 1) Maximum maturity - 5 years
- 2) Maximum par value total size - None
- 3) Maximum par value per issue - None
- 4) Credit - Full faith and credit of the Federal Government

2. U.S. Agency & Government Sponsored Enterprise Securities are not direct obligations of the United States but rather are direct obligations of agencies of the federal government or government-sponsored enterprises.

Securities issued by U.S. government agencies are backed by the full faith and credit of the U.S. government. They include the following agencies:

- Government National Mortgage Association (GNMA)
- Export-Import Bank (EXIMBANK)
- Small Business Administration (SBAs)
- Farmers Home Administration (FHA)
- General Services Administration (GSA)
- Maritime Administration

The federal government has sponsored the creation of, or the financial support of several corporations, also known as government-sponsored enterprises. None of these organizations carry the federal government guarantee.

They include:

- Federal National Mortgage Association (FNMA)
- Federal Farm Credit Bank (FFCB)
- Federal Home Loan Bank (FHLB)
- Federal Home Loan Mortgage Corporation (FHLMC)
- Tennessee Valley Authority (TVA)

FDIC-guaranteed securities were a new fixed-income asset class in 2008 that resulted from the Federal Depository Insurance Corporation's creation of the Temporary Liquidity Guarantee Program (TLGP). Eligible banking institutions participating in the TLGP Program were able to issue debt guaranteed by the FDIC through 10/31/09. The Program covers commercial paper

CITY OF NAPA,
STATEMENT OF INVESTMENT POLICY
June 2012

ALLOWABLE INVESTMENTS AND ADDITIONAL INVESTMENT GUIDELINES

and corporate debt issued by participating banks and bank holding companies for issues that are greater than 30 days maturity, but maturing on or before 12/31/2012.

California Government Code Section 53601 Requirement: No limit specified.

City of Napa Limitation:

- 1) Maximum maturity - 5 years
- 2) Maximum par value total size - no limitation
- 3) Maximum par value per issue - no limitation
- 4) Credit - Despite having no statutory limitation concerning this category, prudent investment practice necessitates constant analysis of the issuing agency. Although these issues have either the implicit or explicit guarantee of the federal government, market perception often limits the liquidity of these issues.

3. Bankers acceptances are typically created from a letter of credit issued in a foreign trade transaction. It is a time draft drawn on and accepted by a bank to pay a specified amount of money on a specified date.

California Government Code Section 53601 Requirement:

- 1) Purchases may not exceed 180 days.
- 2) Purchases are restricted to 40% of the agency's surplus money.
- 3) No more than 30% of the City's surplus money may be invested in the bankers acceptances of any one commercial bank.
- 4) Include only those that are eligible for discounting with the Federal Reserve System.

1) City of Napa Limitation:

- 1) Maximum par value size 30% of portfolio
- 2) 2) Maximum par value per institution – regardless of sector, \$2,000,000 or 5% whichever is lower.
- 3) Credit - financial institutions that shall only include banks that have short-term credit ratings of A-1, P-1 or equivalent ratings from other recognized rating services.

4. Certificate of Deposit

4A. Certificate of Deposit (Time Deposit) is a time deposit in a financial institution documented by a certificate that bears a specified dollar amount of the deposit, a specified maturity date and a specified interest rate.

California Government Code Section 53635.8 Requirement: No limit specified.

City of Napa Limitation:

- 1) Maximum maturity - 2 years
- 2) Maximum par value total size - No restriction
- 3) Maximum par value per institution - \$500,000
- 4) Credit - from City authorized financial institutions. Collateralization must comply with statutory regulations.

CITY OF NAPA,
STATEMENT OF INVESTMENT POLICY
June 2012

ALLOWABLE INVESTMENTS AND ADDITIONAL INVESTMENT GUIDELINES

4B. Negotiable Certificate of Deposits are issued by large American banks or savings and loan associations and are traditionally trade in lots of at least \$1,000,000.

California Government Code Section 53601 Requirement: Shall not exceed the net worth of the institution.

City of Napa Limitation:

- 1) Maximum Maturity – 2 years
- 2) Maximum par value total size - 30%
- 3) Maximum par value per institution - \$1,000,000
- 4) Credit - Must be rated A or higher by a nationally recognized statistical-rating organization.

5. Commercial Paper are short-term unsecured promissory notes issued by various economic entities in the open market to finance certain short-term credit needs.

California Government Code Section 53601 Requirement:

- 1) Prime quality of the highest ranking or of the highest letter and numerical rating as provided for by nationally recognized statistical-rating organization.
- 2) Issuing corporation must be organized and operating within the United States.
- 3) Issuing corporation must have total assets in excess of five hundred million dollars (\$500,000,000).
- 4) Issuing corporation must have an "A" or higher rating by a nationally recognized statistical-rating organization for the issuer's debt, other than commercial paper.
- 5) Purchases may not exceed 270 days maturity.
- 6) Purchases may not represent more than 10% of the outstanding paper of an issuing corporation.
- 7) Purchases may not exceed 25% of the agency's surplus money.

City of Napa Limitation:

- 1) Maximum maturity - 270 days
- 2) Maximum par value per name - 5% per issuer regardless of sector.
- 3) Credit - CA GC Section 53601 requirements.

6. Medium Term Notes (MTNs) issued by corporations organized and operating within the United States.

California Government Code Section 53601 Requirement:

- 1) Maximum of five years maturity
- 2) Shall be rated A or better by a nationally recognized statistical ratings organization.
- 3) May not exceed 30% of surplus money

City of Napa Limitation:

- 1) Maximum par value per issuer – 5%
- 2) Credit – from City authorized institutions that shall only include institutions rated A or higher by a nationally recognized statistical-rating organization. Any downgrading of these issues after purchase shall be reported to the Council in the quarterly reports.

CITY OF NAPA,
STATEMENT OF INVESTMENT POLICY
June 2012

ALLOWABLE INVESTMENTS AND ADDITIONAL INVESTMENT GUIDELINES

7. Local Agency Investment Fund (LAIF) was established by the State to enable treasurers to place funds in a pool for investments.

City of Napa Limitation: None

LAIF Limitations:

- 1) \$50,000,000 per account
- 2) No more than 15 transactions in a month

8. A Repurchase Agreement is not a security but a contractual agreement. It consists of two simultaneous transactions. First, an investor purchases securities (collateral) from a bank or dealer. At the same time, the selling bank or dealer contractually agrees to repurchase the collateral security at the same price (plus interest) at some mutually agreed future date.

California Government Code Section 53601 Requirement:

- 1) Term of repurchase agreements shall be for 1 year or less.
- 2) All securities under a repurchase agreement shall be held by the agency's safekeeping agent.
- 3) The seller of repurchase securities shall not be entitled to substitute securities, except as authorized by the City. New or substitute securities should be reasonably identical to the original securities in terms of maturity, yield, quality and liquidity.

City of Napa Limitation: This investment vehicle, although allowed by the City's policy, is not currently recommended. However, when utilized, the following guidelines will be further followed:

- 1) Maximum maturity - 30 days
- 2) Maximum par value total size - 20%
- 3) Maximum par value per institution - 20%
- 4) Credit -
 - a) Securities shall be marked to market daily and shall be maintained at a value no lower than \$102.
 - b) Securities acceptable as collateral shall be U.S. Treasury obligations only.
 - c) It should be covered by a master repurchase agreement.
- 5) Repurchase agreements shall only be made with primary dealers of the Federal Reserve Bank of New York.

9. Money market funds The City is authorized to invest in shares of beneficial interest issued by diversified management companies that are money market funds registered with the Securities and Exchange Commission under the Investment Company Act of 1940 and are subject to either one of the following requirements:

- 1) The institutions shall have the highest rating provided by not less than two nationally recognized rating services.
- 2) The institutions' investment advisors shall be registered or exempt from registration with the Securities and Exchange Commission with not less than five years' experience managing money market mutual funds with assets under management in excess of five hundred million dollars (\$500,000,000). The purchase price of shares of beneficial interest purchased shall not include any commission that these companies may charge.

CITY OF NAPA,
STATEMENT OF INVESTMENT POLICY
June 2012

ALLOWABLE INVESTMENTS AND ADDITIONAL INVESTMENT GUIDELINES

City of Napa Limitation:

- 1) Maximum par value total size – 20% of agency's funds
- 2) Maximum of 10% per any one money market mutual fund.

10. California Asset Management Program The City is authorized to invest in shares of the California Asset Management Program, a joint powers authority established to provide investment services for California public agencies under section 53601(p).

- 1) City of Napa Limitation: None
- 2) CAMP Limitations: City's investment may not comprise more than 10% of the CAMP Pool.

Other investments not authorized by the City of Napa (with the exception of LAIF and CAMP):

- 1) Reverse repurchase agreement
- 2) Mutual funds
- 3) Derivatives such as financial futures and options, step-ups, floaters, inverse floaters, collateralized mortgage obligations (CMO's), Interest-only (IOs), Principal-only (POs), forwards, currency and interest rate swaps, caps, floors, collars, STRIPS except those already owned as of 12/31/83), etc.
- 4) Local government investment pools other than LAIF unless specifically approved by the City Council.
- 5) Eurodollar and Yankee CDs
- 6) Federal (Fed) funds.

B. ADDITIONAL GUIDELINES

- 1) Adequate liquidity equivalent to six-month expenditures shall be maintained.
- 2) No more than 50% of the overall City portfolio shall mature beyond 2 years.
- 3) Securities shall not be purchased with trading or speculation (such as anticipating an appreciation of capital value through changes in market interest rates) as the dominant criterion for the selection of the security,
- 4) Transfer of funds to any one institution of more than \$5,000,000 should be approved by the Treasurer.
- 5) All new financial institutions or primary dealers not already approved by professional money managers working with the City shall be approved by the Treasurer.
- 6) Trading is prohibited when cash or securities are not available to pay for the securities being purchased. Taking of short position, i.e. selling securities which the City does not own, is also prohibited.
- 7) Written policies and procedures for the delegation of authority for all investment activities shall be strictly followed.
- 8) Written investment procedures shall be strictly followed.
- 9) In case a financial institution or depository is downgraded, the Treasurer shall promptly make and implement an informed decision on whether to sell, withdraw, or retain any security or deposit in the City portfolio issued or held by such affected financial institution or depository.

CITY OF NAPA,
STATEMENT OF INVESTMENT POLICY
June 2012

ALLOWABLE INVESTMENTS AND ADDITIONAL INVESTMENT GUIDELINES

- 10) Written policies and procedures for the selection and maintenance of qualified financial institutions should be strictly followed. The Treasurer shall continue to monitor financial institutions' credit characteristics and financial history throughout the period in which City funds are deposited or invested.

City Manager's Report **City Council's Report**

Project Description

The purpose of the Financial Operations and Procedures Control review is to evaluate and analyze general processes within the City of Napa Finance Department and how they interact with other city departments. The consultant will understand and evaluate transactions and provide an analysis of where the city does not have adequate financial controls in place. A summary report will analyze operations for efficiency, best practices and provide a comparison to other municipalities in the areas of operations and staff size. The financial operating system will also be reviewed for adequacy and recommendations on useful financial reports for senior level management.

The discovery process will include interviews with key finance department staff, key personnel in other departments and consultants as appropriate, to understand major business processes including: disbursement/purchasing, receipts/billing, accounting/reporting, grants and CIP. Key areas to research are centered around job responsibilities; objectives, risks and controls; current business processes and workflow; capabilities of the financial system; perceived strengths and weaknesses in current process; city management's needs related to accounting and budget information; budgetary (non-GAAP) presentation vs. current presentation for end of year balances; and historical problems/concerns.

The consultant will analyze the data received, and then develop findings and recommendations for improvement (including an assessment of financial operations and financial controls). At conclusion, the consultant will meet with city management to present findings and recommendations, which is expected by March 2013.

Status Update

1/24/2013 - jgray: the consultant has produced a draft document that outlines current procedures, recommended best practices and recommended actions. We are currently in the review stages of the document for final product.

10/10/2012 - jgray: the consultant has been on site during October conducting interviews and gathering data. Prior to their visit, various documents (eg. The FY11/12 approved budget, Annual Financial Statements, etc.) were provided for their review to provide background and context for their interviews.

City Manager's Report City Council's Report

Project Description

Agenda & Records Management System Upgrade:

With the SIRE Server Upgrade to Version 6.5 the organization is afforded the opportunity to look again at how the Agenda Management system was deployed and how it is used within the organization. As a function of the SIRE systems upgrade interviews of users at all levels agenda approval process will be conducted by the Deputy City Clerk and the Systems Administrator for Administrative Services. This user feedback will be used to redeploy and train staff in advance of the upgraded system rollout.

Computer systems integration between Napa Central Dispatch and Napa County Fire Dispatch:

Annually, Napa 911 Dispatch processes approximately 5000 Emergency Medical Services (EMS) and Fire 911 emergency calls that are dispatched by Cal Fire ECC for the Napa County Fire, St. Helena and Calistoga Fire Departments. Currently most information is shared via telephone between the dispatch centers. InterCAD will provide rapid up to the second information sharing between dispatch centers that will share emergency event information all the way to field unit Mobile Data Computers (MDC's).

InterCAD will also improve emergency response times to EMS/Fire events in these jurisdictions.

InterCAD is an Intergraph customized interface that will provide an automated means of sending and receiving incident information between Napa 911 Dispatch Intergraph CAD system and Cal Fire ECC Altaris CAD system. This integration will allow Dispatch staff at either dispatch center to create emergency events and share information between CAD systems.

Municipal Network Expansion and Enhancement:

Currently the City of Napa and the County of Napa computer data networks and Public Safety Radio systems are connected via 32 copper wires running through a conduit just below the asphalt on 4th street between the Police Department and Napa County Administration. The copper connection is limited in bandwidth and is in danger of damage due to the pending reconfiguration of streets in downtown.

It is time to move beyond connected networks to shared infrastructure. Opportunities exist to eliminate parallel connections to City and County office buildings that will result in cost saving for both agencies. The municipal network as envisioned is a sharing of City, County, School, and Court infrastructure wherever it is available to connect local government facilities in the most efficient manner possible. Two projects are already under way that begin to build the enhanced data network that will be the backbone of

the future Municipal Network.

1 Project one is the establishment of a new conduit path between the Napa Housing Authority Office at 1115 Seminary and the County Administration Building via Pearl Street. The majority of the path was accomplished through the Napa River Flood Project. The remaining work is being completed via installation of conduit on Pearl St. and Seminary St. Completion of this project is anticipated by October of 2012.

2 Project two is the Lincoln Ave. Signal interconnect. This conduit install from the Napa Corporation Yard to California Ave via Lincoln Ave. will complete a path from the City of Napa Police Department to the City of Napa Corporation Yard. Completion of this project is anticipated by October of 2012.

The City of Napa has taken on the projects listed above because they provided badly needed connectivity to City facilities. Along the path of this new conduit are County, School, and Court facilities that could as well benefit from their use. In order to facilitate the discussion and awareness of opportunities to share infrastructure, Information Technology staff have established a working group of our counter parts within the County, Courts and School District. This group will meet on monthly basis to keep each other aware on new infrastructure projects and needs in an effort to share infrastructure where available.

Online Bidding web portal for City bid processes:

Implement Public Purchase Online Bidding web portal for City bid processes and make available to user departments in order to meet competitive bidding requirements. Additional Online Bidding systems automate complicated processes for bid creation, response and award. Online tools can be accessed and used anytime, anywhere. Online bids can contact all vendors without the need to copy, collate and mail bid documents. Online notifications can also contact current vendors and attract vendors State wide from across the country, decreasing the time and resources necessary for advertising.

Water Utility Billing Application Replacement Request for Proposal:

The City's current water utility billing system was in-house written starting in 1982. The current application though stable lacks any e-government functionality and is costly to maintain. It is long overdue for us to implement this critical function with an updated system that meets our needs to bill and collect our revenue as well as provides improved customer service (i.e. process credit card transactions.)

Status Update

1/30/2013 - snielsen:

Agenda Management is complete. A new server and software application have been deployed to production. A new web server dedicated to Public access to electronic documents has been deployed to production.

The municipal network path improvements to 1100 West Street have been completed. A ten fold increase in network bandwidth has been realized. The next step will be the cleaning of Pearl Street conduit of flood mud. This should take place in March 2013.

InterCAD planning continues. The cross walk of event types has been completed. Configuration of the network trust between Calfire and City of Napa is under way and is scheduled for completion by the end of February.

Municipal Network - Path development has been completed between Napa Police and County Administration ITS Computer Room. Conduit repair and cleaning is still in process.

Dispatch Interconnect - Contracts are in place. Kick-off meeting was held in November 2012.

Agenda Management - Sire Server has been built and software is being installed with completion of this phase by end of November.

City Manager's Report City Council's Report

Project Description

Preparation of a Public Art Master Plan and Guidelines to implement the 2010 Public Art Ordinance. While the ordinance provides a process requiring development on public or private property to either provide public art on the site or contribute to public art by payment of a fee, the Public Art Master Plan and Guidelines will provide a process for identifying sites to place public art, evaluation of proposals for the art, work with artists, acquire pieces and maintenance of the art, among other important issues.

Status Update

1/25/2013 - jward: After completing the draft public art evaluation process, program guidelines and public review procedures with the guidance of the Steering Committee in meetings held between October and November 2012, staff completed the preliminary draft Public Art Master Plan and circulated it for internal review. Comments have been received and revisions are being prepared for follow-up review by the Steering Committee. This task is behind, however, the draft plan will be released to the Steering Committee and a public workshop will be held in March. The revised final plan will be released to the Planning Commission and Parks & Recreation Commission in April prior to final review by the Council before the end of the fiscal year as scheduled.

12/21/2012 - jward: The Public Art Steering Committee completed their series of meetings providing input on the drafting of the Public Art Master Plan. An administrative draft of the Public Art Master Plan has been prepared including the Committee's input and is currently being reviewed by staff. It is anticipated that in early 2013, following staff review and edits, the draft Public Art Master Plan will be returned to the Steering Committee and released to the public for further feedback.

10/4/2012 - jward: The Public Art Steering Committee has held 3 meetings and has 4 more meetings scheduled in 2012 to provide input on the Draft Public Art Master Plan. The three meetings held addressed the establishment of the Steering Committee and their role; addressed the vision, goals and core values of the Public Art Master Plan, potential locations for public art; and temporary art.

Project Description

Heritage Napa is a multi-year project started in 2008 to update the City's Historic Resources Inventory and Historic Preservation Ordinance. For FY 2012/13, staff is continuing with Phase 4 of the project which includes updating the Historic Resources Inventory to include new survey data, switching to the State's resource rating system, and amending the Historic Preservation Ordinance.

Status Update

1/25/2013 - keberle: City Attorney requested a more "step by step" approach to this comprehensive re-write of the Historic Preservation Ordinance. A timeline has been developed for City Attorney review, CHC review and Council review to adopt the new ordinance by June 2013.

7/15/2012 - keberle: Draft document completed. Met with City Attorney. Working on second draft.

City Manager's Report City Council's Report

Project Description

The Laurel Manor Phase IV Rehabilitation Project will fully renovate Laurel Manor, the 50-unit senior apartment complex owned by the City of Napa Housing Authority. The rehabilitation will be undertaken in seven consecutive phases over the next three fiscal years. This will minimize the cost and impact of temporarily relocating the residents. The scope of work will include both exterior improvements, including installing more water efficient landscaping, and interior improvements, including window replacement and kitchen and bath updating. Clubhouse renovations will include converting the existing restroom to a single restroom that meets ADA requirements. Work will commence with a community meeting this fall.

Fiscal Year 2012/13 work will include completion of renovations on the first group of eight units and hiring a landscape architect to develop landscape and drainage plans.

During Fiscal Year 2013/14, renovations will continue with work being completed on an estimated 29 additional units. Tenants will be temporarily relocated and work completed on the next three phases of renovation. A new drainage system will be installed.

During Fiscal Year 2014/15, tenants will be temporarily relocated, and work will be completed on the final three phases of renovation of units. Exterior lighting, concrete work, patios, fencing, exterior painting of all buildings, clubhouse renovations, and landscaping will also be completed.

Status Update

2/8/2013 - lferrell: Bid packages for the replacement of windows and patio doors in all units were sent out on January 25, 2013. Based on additional the location of additional vacancies at Laurel Manor, staff expanded the scope for the first phase of unit rehabilitation to include ten units rather than eight as originally envisioned. Requests for bids for these units were sent out on January 25, 2013. Asbestos and lead-based paint testing were completed on a sampling of units and the community room in January. No lead-based paint was found, but asbestos was. Therefore, on February 7, 2013 staff sent out requests for bids for asbestos removal for the first ten units. After further investigation, staff has determined that the landscape architect can be solicited through an informal bid process. Therefore, meetings on site with

landscape architects have been planned during the month of February.

1/25/2013 - lferrell: The bids package for the replacement of windows and patio doors in all of the units has been prepared. Asbestos removal and lead-based paint testing have both been scheduled to occur during the last week of January. Proposals from landscape architects will also be solicited during this same time period.

12/20/2012 - lferrell: HACN Board approved project budget at the November 20, 2012 Board meeting. The bid package has been prepared for the initial phase of the project and will be sent out to bid in January.

10/26/2012 - lferrell: Community meeting was held at Laurel Manor on October 25, 2012. The residents in attendance were enthusiastic about the proposed renovations and had lots of questions. Staff passed out a survey to obtain additional feedback.

10/5/2012 - lferrell: Staff has begun setting up a community meeting to discuss the renovation project with the tenants. The meeting will be held in October.

City Manager's Report City Council's Report

Project Description

This is a carryover project from the FY 2011-12 CIP. The project will replace aging playground equipment in 11 City parks. The equipment and surfacing no longer meets the State of California standards. Playground locations were chosen from a priority list related to age, condition of existing equipment and use of area. Upgrades will assure these areas are in compliance with State standards and ADA accessibility. The City has entered into a CMAS agreement with the manufacturer for the specific type of equipment and lowest and best possible bid. The design and bidding has been completed. Replacement of two locations are community build and have been scheduled for the third and final installation.

Status Update

1/24/2013 - dperazzo: Majority of project has been completed with all 11 sites receiving new equipment and safety surfacing. All locations are open to the public. Final pathway for access to playground at Fairview Park has yet to be completed due to rain and drainage issues. New pathway should be completed by March 1, 2013.

10/12/2012 - dperazzo: the following 10 park playgrounds have been installed and opened to the public. Dry Creek, Klamath, Valley, Las Flores, Beckworth, Montclair, Norfolk, Tallac, Sequoia and Playground Fantastico. The playground at Fairview Park is set for a community build with help from the Kiwanis Club on November 2-3.

8/20/2012 - dperazzo: Delivery of equipment for first 5 playgrounds was received today. Play area at Dry Creek Park was closed in preparation of demolition this week.

City Manager's Report City Council's Report

Project Description

This is the first phase in the development of a new skate park facility. Once completed the Department, with input and involvement from the community, users, the Parks and Recreation Commission and City staff will present a preferred project site and design to the City Council for approval. This phase will include determining the site location and the selection of a design firm. This phase of the project will begin in September 2012 and be completed by the end of June 2013. A skate board park design firm will be selected to assist staff in developing the preferred site selection. Staff will use an RFP to select the best qualified design firms. Members of the community, Parks and Recreation Commission, skate board park users and staff will participate in a panel interview to select the most qualified design firm.

While the City will not limit its site selection to only city owned properties, selection of city owned property is preferred as land costs could drive up the project cost, thus reducing the actual amount of project funds that can be used for the project. If city owned property is selected as the preferred site, remaining project funds can be used to expand the existing project and include additional and necessary park amenities.

Status Update

1/24/2013 - dperazzo: First public meeting to discuss location and process for design and construction was held on January 9, 2013. As a result of that meeting the Park and Recreation Commission has asked staff to discuss key project items at a special meeting to be held on February 13, 2013. The key discussion points are to first determine a location and second to determine the process used to choose a design/build firm for the project. The idea of hiring a qualified, pre-approved firm was discussed in order to save some time with that part of the process. The public and Commission would like to see what other options are available including utilizing the traditional RFP process to choose the right firm even if it extends the timeframe for project completion. Because of that, this project will need to be split into two phases covering 2 fiscal budget cycles. The site selection and design firm selection process will be completed in fiscal year 2012-13 and design and construction in the following 2013-14 fiscal cycle.

10/12/2012 - lmazzuca: The Feasibility Study and Design RFP have been combined as a single effort since the last update. This was done to ensure "fairness" when selecting a design firm. Staff wants to make sure

Last updated 2/11/2013

that the firm selected to conduct the Feasibility Study doesn't get an unfair advantage if that firm were to also demonstrate interest in designing the skate park. The design RFP is remains scheduled to be released towards the end of November.

9/7/2012 - Imazzuca: Staff is in discussions with a skate park design firm to develop the Feasibility Study.

Requested Start Date		Adjusted Due Date	6/30/2013		
Lead Department	Recreation	Project Leader	L. Mazzuca		
Project Budget	\$90,000				
Funding Sources	Quadrant Funds				

City Manager's Report City Council's Report

Project Description

Development of a Site Master Plan for Kennedy Park. The City's Park and Recreation Facilities Park Master Plan has placed a high priority for the design of future recreation elements at this park. Approximately 40% of the park is currently undeveloped. The City's Parks and Recreation Facilities Master Plan states that future city developed recreation elements should be designed for the unmet space needs at Kennedy Park.

This project will focus on determining where future unmet recreational facility needs will need to be located. Unmet recreational facility needs are prioritized in the City's Park and Facilities Master Plan and were determined by a process that included input from residents and local sports groups and organizations.

Status Update

1/25/2013 - Imazzuca: Project description has been placed on an earlier Parks and Recreation Commission agenda for review. During the annual City Council Retreat (1/11/2013), the Council asked staff to schedule a Joint Council and Parks and Recreation Commission meeting to discuss the proposed master planning process. Staff is currently scheduling that meeting. Council also asked that Napa Community College be included in the planning process. On January 24, 2013, the City Manager and Parks and Recreation Services Director met with Napa College's Acting President and Board of Trustee's Chairman to discuss area of mutual interest, specifically in regards to the master planning process. The College is very interested in participating in this planning effort.

The scheduling of the Joint Council/Commission meeting, and continuing dialog with Napa College will result in a delay of approximately 30-60 days in completing the Kennedy Park Site Master Plan; however, staff will continue to strive to complete this plan by June 30, 2013. The Project Tracking TASK Section has been amended to include the Joint Parks and Recreation Commission and City Council meeting. Adjusted dates reflect this addition to the project.

10/12/2012 - Imazzuca: No change. This project is not scheduled to begin until early 2013.

9/7/2012 - Imazzuca: Not started.

Project Title	RecWare Upgrade- Implementation to Active.Net			Phase	1 of 1
Project Start Date	7/1/2012	Project Due Date	1/31/2013		
Requested Start Date		Requested Due Date			
Lead Department	Recreation	Project Leader	Cindy Bannister		
Project Budget	\$25,000				
Funding Sources	General Fund				

City Manager's Report City Council's Report

Project Description

Under supervision and direction of Scott Nielsen, Information Technology Manager, replace current RecWare Safari software program with web-based Active.Net software program. Both products are owned by the ActiveNetwork and are considered an upgrade to our current product. By changing to a web-based program, the ActiveNetwork will assume the responsibility to maintain servers, provide the highest level of security for credit card processing and the management of personal information, and overall future upgrades and maintenance of the software. This will reduce the demands on the City's IT Department and provide additional staff capacity for other tasks and projects.

RecWare is no longer supported by the ActiveNetwork. To motivate the City of Napa to upgrade during FY 12/13, the ActiveNetwork offered a number of financial incentives including the waiver of RecWare software maintenance fees for FY 11/12 and 12/13. This results in a \$26,000 savings to the General Fund that can be re-directed to cover the City's costs of implementation.

Once the upgrade is fully implemented, customers using the online product will see an improved platform for viewing and registering for recreation programs. Staff will see improved performance, streamlined report generation, added functionality and increased ease of use. Part of the implementation includes having new capabilities to load city GIS information to help attain accurate addresses and provide facility location information. There is also a financial download component that is stated to streamline staff time for transferring revenue information directly from the software into the City's financial program.

Currently, software maintenance fees are charged by the ActiveNetwork as an annual flat rate, based on the number of licenses. The transition to the Active.Net program results in maintenance charges assessed for a per-transaction fee instead of the flat fee. However, as part of the incentives offered by the ActiveNetwork to upgrade, our new fees will be fixed for the first two year period and will be similar to the software expenses currently budgeted in the operating budget of Parks and Recreation.

Status Update

1/9/2013 - cbannister: Project is scheduled for an on time "Go Live" date of Thursday, January 10, 2013 which will be the first day of Winter/Spring Recreation Program Registration. Staff training has been

completed and parallel entries are being made for 2013 parks and Pelusi Building rentals to provide test data. In addition, staff has been using the trainer environment to test transactions including the new component of automated, financial integration. Testing has provided positive results and verification of new system integrity.

For those customers that use our online registration system, they will be required to set up new profiles and passwords. The system will be open as of January 2nd for customers to access ActiveNet and set up their new account. Staff is available to assist with account set-up, either over the phone or in our office. Advertisement of this requirement is posted in our office, on the website, on Facebook, and throughout our Winter/Spring Recreation Guide.

10/12/2012 - cbannister: Staff training and system set up began on October 1st, 2012 and continues on a schedule through November 2nd. One of the major changes with implementation is that the new software will be set-up to match the city's modified accrual method of financial recordkeeping. This change will also result in an automated "upload" of financial data from the department transactions directly into the financial software. Staff from the Finance Department have been participating in these discussions and set-up.

The project remains on schedule for a public "go live" date in mid-January 2013.

Project Description

Negotiate a lease agreement with CourseCo, Inc. for the Napa Golf Course at Kennedy Park. If unsuccessful, provide the City Council with alternative use options for the NGC.

Status Update

1/25/2013 - Imazzuca: This project is approximately two months behind schedule. This is the result of several factors including scheduling a public meeting to discuss the proposed lease and CourseCo needing additional time to craft the draft lease. Both the meeting and draft lease had to be delayed until after the extended December holiday schedule. City staff is currently reviewing the Draft Lease submitted by CourseCo. Staff will submit their lease comments to CourseCo by the end of January 2013. Staff has adjusted the project task timeline to reflect the above delays.

10/12/2012 - Imazzuca: The process of developing a Lease Agreement with CourseCo remains on time with a staff presentation to the City Council scheduled for November 20, 2012.

9/7/2012 - Imazzuca: Staff is in the process of drafting a lease agreement with CourseCo for the Napa Golf Course for golf, food and beverage operations.

City Manager's Report **City Council's Report**

Project Description

This project will address issues related to water penetration and damage due to insufficient insulation and ventilation of the roof at the Las Flores Community Center. Condensation buildup from exposed fasteners and lack of an adequate vapor barrier has caused damage to existing insulation and the interior ceiling. The project will remove and replace the existing metal outer roof and damaged insulation. A new vented ridge and standing seam metal roof system along with insulation and vapor barrier will be installed.

Status Update

1/24/2013 - dperazzo: Design work is being completed for the replacement roof. A consultant has looked at the existing roof and issues and developed a proposal for this project.

10/12/2012 - dperazzo: PRSD and PW staff are currently working with a consultant on design for this project

- City Manager's Report City Council's Report

Project Description

The purpose of this project is to transition the Police Patrol Bureau to a Geographic Neighborhood Policing model. This change will be used to address quality of life as well as crime issues. The concept of this project is to encourage the established neighborhoods in Napa to address their self-recognized issues and to improve access to the various governmental, private and for-profit organizations that can best address their various concerns. We also believe that a neighborhood focus and better access to Police services will increase interaction between community members and Officers and will help citizens to seek out appropriate non-Police resources. It is understood that issues affecting one area of town are not necessarily the same that affect the other areas of town. To do this we will:

- * Establish a web-based neighborhood map that allows community members to directly contact the Officers assigned to their neighborhood. The Officers will then have a better opportunity to share information and address concerns affecting any given neighborhood.
- * Establish a link that provides community members a list of frequently used federal, state, county, city, non-profit and for-profit organizations. We believe that by providing this information directly to members of the community this will improve customer service and reduce non-emergency calls to the 911 emergency center.
- * Officers will be assigned to work specific neighborhoods for one-year deployment periods. This will allow for more consistent community member/Officer interaction through direct contact and community meetings.
- * Neighborhood residents will be encouraged to interact with their neighbors to heighten awareness, security and address issues in their infancy.

Status Update

2/8/2013 - spotter: The community survey has been completed and information is being tabulated. A list of on-line resources and a policy are both being developed at this time. Neighborhood meetings will begin when the policy and employee training are completed. Our goal is to complete the project right around the

first of March.

1/18/2013 - spotter: The community survey closes today and feedback will soon be available. The list of on-line resources is being developed and will soon be complete.

12/26/2012 - porourke: per Captain Potter - Community survey is currently underway. The list/line of Resources is still being compiled.

11/28/2012 - spotter: Sgt Hunter has developed the survey and is exploring distribution methods to maximize community participation. Sgt Hunter is also working of other aspects of the program including deployment, mapping and contact.

10/9/2012 - spotter: Sgt. Hunter continues to address milestones and is on time thus far. She has developed the community survey and is awaiting feedback from other affected departments and organizations.

Project Description

Development and implementation schedule for Police Reserve Officer. A Police Reserve program will allow the department to have augmented staffing during times of special events, routine patrol and disasters. It will also allow the department to enhance its recruitment capabilities through this program and reduce initial in-service training time.

Status Update

2/8/2013 - spotter: Lexipol policies are finished for the program and will be included in the policy manual. Hiring has been delayed until full time police officer positions are filled.

1 /18/2013 - spotter: The training program has been approved by POST, the hiring process will mirror that of regular police officers and we will identify potential reserve officers from current and future police officer lists.

1/8/2013 - spotter: Corrections/updates made to manual, as POST has requested. Waiting to hear from them.

12/26/2012 - porourke: Still waiting for POST approval of the Field Training Program manual. Appointment of reserves after appointment of full time police officer positions are filled.

11/28/2012 - spotter: Sergeant Campagna has revised the Department Field Training Program and submitted it to California POST for approval. That approval is expected within the next couple of weeks. The HR/Personnel Department has closed the application period for police officer and we will focus on this group (after full time positions are filled) for the Reserve Officer candidates. Policies are being developed and will be completed shortly.

10/9/2012 - spotter: This project has not yet been started as focus has been on other operational issues.

- City Manager's Report City Council's Report

Project Description

As identified in the Soscol Gateway Implementation Plan (2005), the project involves modifying the intersection to improve level of service. This may include widening, travel lane reconfiguration, and signal modification.

In addition to typical engineering, environmental review, and construction phases, the project will include property acquisition, Caltrans design approval and permitting, and significant stakeholder outreach. This highly complex project will take several years to design a preferred alternative and complete construction.

The tasks in FY12/13 will surround the preparation of Project Initiation Documents (PID). Approval of PIDs is the first step in the Caltrans approval process. This will require a Council appropriation of funds and the selection of a consultant through a competitive RFP process.

Status Update

1/25/2013 - jlucido: The project lead responsibilities have been transferred to the new Senior Civil Engineer for special projects. Staff continues to research the existing right of way boundaries and will begin more in-depth discussions to support the Project Initiation Document which is required by Caltrans.

10/12/2012 - jholley: City has accumulated special mitigation fees from various private developers towards improvements at this intersection as mitigation for traffic impacts. Staff has begun to research the existing right-of-way boundaries and is exploring various options for preliminary roadway plan lines and lane configuration. Notably, one such option that will be analyzed includes the elimination of the south-bound approach from East Avenue for all movements (west-bound Third Street, south-bound Silverado Trail and east-bound Coombsville Road) except for the right-turn movement onto north-bound Silverado Trail.

- City Manager's Report**
- City Council's Report**

Project Description

The 9/11 Memorial Garden utilizes 6 pieces of artifact steel from the World Trade Center. The memorial location would be off of Main Street across from the Napa Valley Opera House adjacent to Napa Creek. This community project relies on donations and in kind service for completion. Community support of the project comes from the 9/11 Memorial Coalition with project management, contracting and oversight from the City. The memorial includes full park improvement and would be one of the largest 9/11 memorials on the west coast.

Status Update

1/25/2013 - ewhan: The 9/11 Project Team met recently with the City Manager and City Staff to discuss overall project status and to confirm next steps needed to move the project towards construction and ultimate completion this year. Public Works has taken a lead role in managing the project. A Construction Management Representative will also be brought on board under contract to organize and oversee the actual construction activities.

The plans are 80% complete. Additional meetings are being held with the designers to discuss specific design elements and details related to construction of the art piece and the surrounding park facilities. It is anticipated that final construction drawings will be generated in March. Fabrication of the glass panels, which will ultimately be attached to the steel columns, are complete and currently in storage at the Corporation Yard. It is anticipated that the steel pieces will be transported to a local steel fabricator for final cleaning, preparation and installation of mounting hardware in late February. Demolition of the existing site will also commence in the next few months. This work will be completed by City crews. Public Works will also be carrying out needed modifications to the existing parking lot as well as providing power to the site. The Parks Department will be installing irrigation and landscaping for the project.

As noted above, significant work will take place over the next quarter including the development of an overall project cost estimate based on final construction drawings. Many businesses and the members of the public have offered to donate materials to this project. However, additional fund raising efforts may be needed depending on final construction details and estimated costs. The 9/11 Project Team has made a

commitment to reenergize those efforts as needed to see this project through to completion. The goal is to complete the memorial prior September 11, 2013.

7/13/2012 - mhinkle: Final Phase of 9/11 Project. Fundraising underway with event planned on 9/11/12. Construction set to commence in February of 2012 pending succesful completion of fundraising. Glass and steel fabrication underway.

City Manager's Report City Council's Report

Project Description

Following the 2009 Napa Consolidated City Hall and Asset Analysis Study effort and recent efforts to explore a consolidated City-County Center last year, three options have emerged for further consideration and evaluation. These include the "Do Nothing" status quo approach, construct a new City Hall, or purchase of an existing building or development site. The goal is to consolidate current outlying City departments, including CDD and Public Works (CSB Building), Parks & Recreation, Housing, Water and Human Resources with current City Hall administrative facilities on one site. Short-term and long-term needs as well as service delivery with respect to condition, age and overall function of City Hall and other facilities must be considered. The study will include an updated economic evaluation of City-owned downtown property assets and potential market value. This will provide information that the City can use to move forward in developing a preferred approach.

Evaluation of potential consolidation and relocation of Fire Station #1 and Police Department off the City Hall block is already underway. This would free up the entire City Hall block which in turn provides greater options as part of the overall facilities analysis. The Public Safety Feasibility Study would determine the current and future space needs of both Police and Fire and look into programming a new joint facility at the existing CSB Building site located off of First Street and a combination of sites. This project was initiated as part of the City-County Center concept in FY11-12.

Status Update

1/25/2013 - jlucido: The consultant is finalizing the recommendations for the Building Site Program based on staff direction to identify opportunities to reduce space allocations and costs. The delivery date for the final recommendations has been modified to February 18, 2013 in order to include the revisions.

10/12/2012 - ewhan: Further direction provided to consultant to refine draft final report recommendations on Building Site Program. Delivery is expected later this year and will include a cost estimate and recommended building square footages.

8/7/2012 - mhinkle: Project consultant revising scope and deliverables to reflect changes in project approach in order to reduce overall building footprint and construction costs. New programmatic

Last updated 1/25/2013

approach is to place core public safety operations in the downtown site and relocate non downtown operations to other facilities in the community.

City Manager's Report City Council's Report

Project Description

The Downtown Specific Plan was adopted in May 2012. One of the outcomes of the Specific Plan was the goal to convert the east-west one-way streets in Downtown to two-way. In an effort to achieve that goal, the Public Works Department analyzed each street to assess what changes would be necessary to accommodate the reconfiguration of the Downtown street circulation pattern. Implementation of the conversion will require the completion of many tasks such as: sign replacement, removal or reconfiguration; minor roadway widening; installation of ADA accessible curb ramps; changes to traffic signage; relocation of crosswalks; changes in roadway striping; changes to on-street parking; relocation of storm drain facilities; addition or reconfiguration of left-turn or right-turn pockets; grinding and repaving/resurfacing of road surfaces; reconfiguration of medians and other improvements.

The process will be implemented in two phases. Phase 1 will be First and Second Streets, and Phase 2 will be Third and Fourth Streets. Phase 1 will be further divided with First Street improvements occurring first and Second Street improvements following. It is anticipated that this process will be completed in late 2013.

Each phase will require a coordinated effort not only for the installation of the improvements and reconfigurations, but with regard to the logistics of each improvement element so that it can be accomplished with as little disruption to traffic flow and with as much communication and outreach to downtown merchants and residents as possible.

Status Update

1/25/2013 - jward: The downtown two-way street conversion project encountered a few delays in the end of 2012. First, pedestrian studies were performed to address the needs at 6 downtown intersections: First/Franklin, First/Randolph, First/Coombs, Second/Franklin, Second/Randolph, Second/Coombs. As a result of this study, it was determined that the signals at First/Franklin, First/Coombs, Second/Franklin and Second/Coombs should be retained and modified to accommodate two-way circulation. This changed the scope, cost and time required for the project. At this time, the scope is nearing completion and plans are in the preliminary stages of development. Concurrent with this is an evaluation of the signing changes that will be necessary to address the two-way circulation, safety, and parking. Staff is in communication with

PBID on developing an agreement for their participation in funding for the project.

10/12/2012 - jward: The overall scope of the project has been defined and basic layouts at each location that will be modified have been completed. Efforts are underway to determine material costs and crew hours needed to complete each task. Next steps include further development of an implementation schedule and community outreach plan.

Project Budget	\$1,335,584				
Funding Sources	General Fund CIP, Gas Tax, and CDBG				

City Manager's Report City Council's Report

Project Description

The Sidewalk Improvement Program consists of a dedicated City crew of street and tree maintenance staff aimed at addressing deteriorated, damaged, and dangerous concrete issues in the City. The crews will replace damaged curb, gutter, and sidewalk and install handicap accessible sidewalk ramps at intersections. 1,200 cubic-yards of concrete will be installed annually. Crews will focus their efforts in the neighborhoods where 10-mile paving is being done so we "complete" the neighborhood in terms of streets and sidewalks. Neighborhoods scheduled for this year include MAC Streets, Young area, Twin Oaks area (west side), and Robinson Lane area.

The program will also complete sidewalk and ADA ramps in CDBG eligible areas. Sidewalk improvements on Central Avenue from Jefferson to Yajome and work in the ABC streets is scheduled this year. Some work in the CDBG areas will be completed by outside contractors.

Additionally, the program will address maintenance needs in other areas of the City for liability claims, tree damage, drainage issues, and other priority repairs.

The program requires integrated coordination and performance from the Parks and Recreation Department to address tree issues associated with concrete repairs. Additionally, the Engineering Division of Public Works is providing design services to identify scope of work.

Status Update

The Young area is complete.

Total production as of December 31, 2012:

- ADA Ramps = 39
- Curb and Gutter = 4,075 feet
- Sidewalk = 2,610 feet
- Tree Removal and Replacement = 44

Total Concrete = 550 cubic yards

Last updated 2/4/2013

10/1/2012 - pbrun: The MAC Street area is complete. ADA ramps are nearly complete in the Young area and crews are working on sidewalk and curb repairs.

Total Production in First Quarter:

ADA Ramps = 24
 Curb and Gutter = 700 feet
 Sidewalk =500 feet
 Tree Removal and Replacement = 42

Total Concrete = 270 cubic yards

CITY of NAPA

Project Tracking Report

Project Priority	Medium	Project Number	PW-00563	Project Status	On Time
Project Title	Sustainability Plan Implementation			Phase	1 of 1
Project Start Date	9/10/2012	Project Due Date	6/29/2013		
Requested Start Date		Requested Due Date			
Lead Department	PW, Admin	Project Leader	Julie Lucido		
Project Budget	\$0				
Funding Sources	General Fund, Materials Diversion, Fleet				

City Manager's Report City Council's Report

Project Description

City Council adopted the Sustainability Plan on July 24, 2012. Staff has identified five (5) actions from the City Government section of the Sustainability Plan to implement in FY12/13. The target areas and associated actions include the following:

Energy Reduction

1. LED Streetlights - Replace 4,600 high pressure sodium streetlights with LED's. Seek California Energy Commission Loan to fund program using energy cost savings to pay loan payments.

Vehicle Miles Traveled and Fuel Reduction

1. Commuter Challenge - Promote staff participation in the Napa Commute Challenge sponsored by the Solano-Napa Commuter Information Network.
2. Anti-Idling Policy - Develop, implement, and provide training for City vehicle policy.
3. EV Charging Stations - Identify options, costs, and potential funding sources for electric vehicles and/or plug-in hybrid vehicles in the City's fleet and electric vehicle charging stations at the Corporation Yard and/or in City parking garages or other locations.

Waste Diversion

1. Implement Sustainable Purchasing Policy - Determine and prioritize products and services to be purchased per the policy.

Additionally, Staff identified the need to participate in the plastic bag reduction initiative in the Community Sustainability Plan section. A staff liaison will be assigned to the community group CanDo which is exploring options for a plastic bag ban. The Staff liaison will be tasked with developing an assessment of the options and risks/rewards associated with a plastic bag ban and will report findings to City Council.

Implementation of each of these action plans will utilize staff currently funded in their respective Departments, therefore the project budget is shown as \$0. However, costs for construction, outside consultants, or other expenses are not currently budgeted and would require grant/loan funding or

consideration for funding in the next budget cycle.

Status Update

1/25/2013 - pbrun:

Plastic Bag Assessment - Staff conducted preliminary discussions with Napa County regarding options for a joint EIR if both agencies decide to move forward with an ordinance. Public Works prepared a reorganization plan to create a special projects division that includes sustainability. Julie Lucido was hired as a Sr. Engineer to lead this new division and will take over the plastic bag assessment with a report planned for Council in March 2013.

LED Streetlights - Staff has completed LED testing in the Sierra and Tallac neighborhood. In January, staff will conduct a test in the Silverado Creek subdivision behind Queen of the Valley Hospital. The RFP for the project is slightly delayed due to additional testing. Staff expects to bring an item to Council in March to authorize issuance of the RFP. The California Energy Commission has approved a \$2M loan at 1% interest for this project.

Anti-Idling Policy - The draft anti-idling policy document is being reviewed by operating departments. Due to staff working on their budgets in early 2013, the completion of this initiative is expected to be delayed until May 2013.

City Staff Commute Challenge - We have completed this year's participation in the Napa Green Commute Challenge, as one of 18 participating employers in Napa County. Three of our employees participated and each earned the Commute Champion award level by logging the use of a commute alternative on at least 30 workdays between September 1 and November 30, 2012. Complete results may be viewed at the Solano Napa Commuter Information website: <http://www.commuterinfo.net/Content/10116/preview.html>

Sustainable Purchasing Implementation - The sustainable purchasing team has identified the items of remanufactured/recycled toner and recycled paper as priority objectives, which have been encouraged for implementation city-wide by the purchasing manager. Additional sustainability efforts include reduced paper usage through the use of centralized and more efficient copiers as equipment lease renewals present themselves. The hiring of a staff person to focus on sustainability and collective work of the sustainable purchasing team will continue these efforts.

10/2/2012 - pbrun:

Plastic Bag Assessment - The City's Sustainability Coordinator, Andrea Fox, attended several meetings with CanDo and began preparing an assessment of a potential plastic bag ban in the City. Andrea resigned from the City effective September 7, 2012. Staff is attempting to fill the vacancy for the remainder of the limited term position thru June 30, 2013. Existing staff is not available to pick-up Andrea's involvement with CanDo, therefore, this action is delayed.

LED Streetlight Upgrades - The City applied for a loan from the California Energy Commission and expects the loan to be approved in October. Staff has ordered demo LED's from two leading manufacturers to test various wattages in the field to ensure proper sizing of the new lights. Staff expects to complete testing in November. An RFP for a turn-key project to design and install LED's is expected to be complete in December.

Anti-Idling Policy - A draft anti-idling policy document has been created. While attending the Green Fleet Conference, the City's Fleet Manager networked with several other agencies that had either planned or existing anti-idling policies. A comparison of policies will be made, and any features that would benefit our own policy will be incorporated. Fleet is looking at some new technologies, also discovered during attendance at the Green Fleet Conference, which will facilitate a reduction in idling in some of our more serious idlers.

City Staff Commute Challenge - The City registered for Napa Green Commute Challenge in August 2012 to allow our employees to participate. We have also registered for the Emergency Ride Home Program which is a support program offered to assist commuters with reimbursement for alternative transportation in emergencies. The Napa Green Commute Challenge promotion began in early September; information has been posted on the City's internal web site ICON, posters and brochures were distributed to all work locations for physical posting, and representatives from NCTPA attended the City Employee Picnic on September 28. The Commute Challenge takes place from September thru November 2012, we will continue to promote throughout the Challenge time frame.

Sustainable Purchasing Implementation - The sustainable purchasing team is working with a consultant, the Responsible Purchasing Network, to develop guidelines on products identified by the team as priority items that provide both environmental and economic sustainability opportunities. Specifically the identified products are remanufactured toner and recycled toner and recycled paper/overall paper usage reduction. Once a Sustainability Coordinator is hired that person will be able to further assist in this process.

CAPITAL IMPROVEMENT PROJECT STATUS REPORT

BIG RANCH ROAD WIDENING PROJECT PROJECT NO. ST11PW02

PROJECT DESCRIPTION:

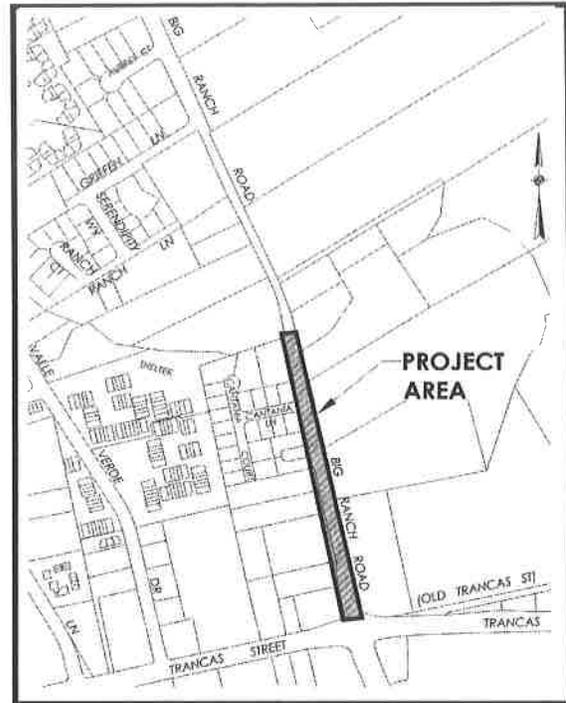

The Big Ranch Road Widening Project will provide four lanes of vehicular traffic on Big Ranch Road between Trancas Street and Salvador Creek.

PROJECT MANAGEMENT:

Mark P. Andrilla, Senior Civil Engineer
Public Works Department - Engineering Division

PROJECT STATUS:

A preliminary design was developed by a consulting engineer pursuant to a development requirement. The road widening requires the acquisition of a strip of land between 20 and 25 feet in width west of the existing right-of-way, across four parcels. A total of \$1,807,000 has been appropriated from the Big Ranch Road Specific Plan Fee Fund to obtain the necessary right-of-way, complete the design, and construct the project. A contract with Riechers Spence Associates to complete the design is underway and is approximately 85% complete. Completion of design is scheduled for the summer of 2013. Right-of-way acquisition documents were completed in January 2012.

PROJECT SCHEDULE:

	Q1			Q2			Q3			Q4		
	2012						2013					
	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun

Construction												

BUDGET STATUS:

PROJECT BUDGET: \$1,807,000

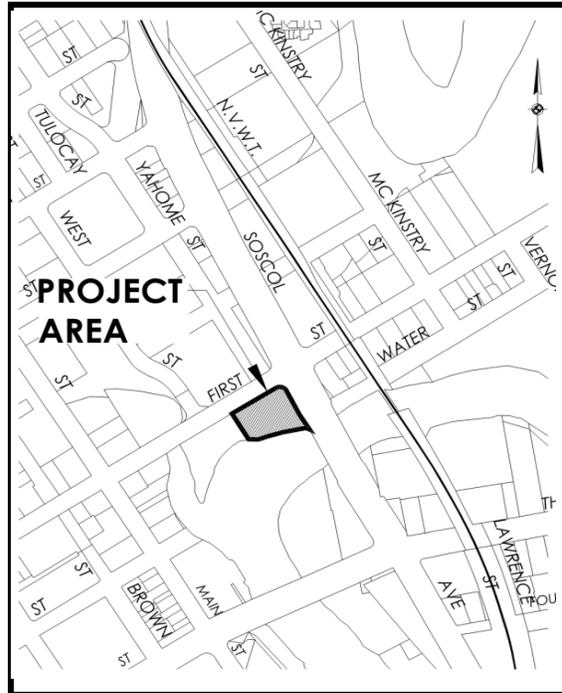

BUDGET EXPENDED TO DATE: Approximately \$64,000 was spent on the design prior to 2011, and approximately \$80,000 has been spent to date on the design and preparing right-of-way documents since January 2011.

CAPITAL IMPROVEMENT PROJECT STATUS REPORT

CHINA POINT OVERLOOK PROJECT PK06RA03

PROJECT DESCRIPTION:

The China Point Overlook Project consists of the development of a park site located at the southwest corner of First Street and Soscol Avenue.

PROJECT MANAGEMENT:

Mike Socorro, Junior Engineer
Public Works Department, Engineering Division

PROJECT STATUS:

The project is in the design phase. It is being designed for the Napa Redevelopment Agency by Gretchen Stranzl McCann Landscape Architects (GSM). Due to the project's location being adjacent to the Napa River, the City will be working closely with the Flood District and the Army Corps of Engineers, as was done with the Napa Riverfront Green project. GSM has provided 65% construction plans for review and comments. 95% plans for review should be submitted to the City in February 2013. Project advertisement is anticipated for Summer 2013 with construction to begin in Fall 2013. Project advertisement was postponed due to the dissolution of the Redevelopment Agency which was to provide funding for the construction phase of the project. Funding for construction was re-established by the General Fund as part of the 2012 mid-cycle budget adjustment and the project is continuing to move forward.

PROJECT SCHEDULE:

	Q1			Q2			Q3			Q4		
	2012			2013			2013

Design						90%						
Bid & Award												
Construction												

BUDGET STATUS:

PROJECT BUDGET: \$660,000

BUDGET EXPENDED TO DATE: Approximately \$6,500 of in-house engineering costs have been expended. The approximate percentage complete reflects the total design task progress to date.

CAPITAL IMPROVEMENT PROJECT STATUS REPORT

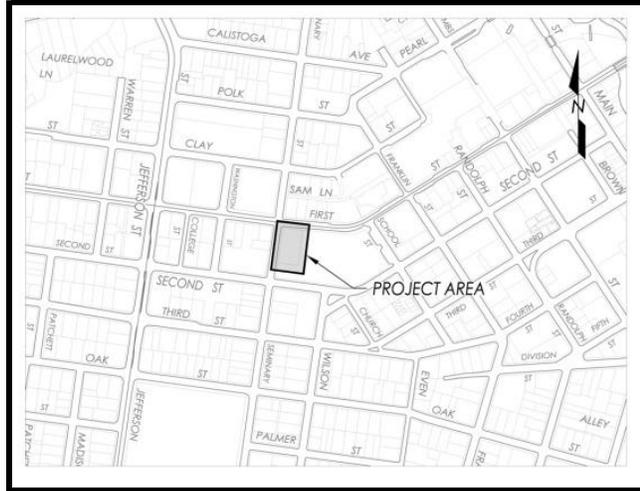

FIRE STATION NO. 1 SEISMIC RETROFIT PROJECT NO. MS12FD02

PROJECT DESCRIPTION:

This project will provide seismic retrofit upgrades to the Fire Station No. 1 structure as required to prevent catastrophic structural failure during a large earthquake event and will include the replacement of the chronically leaking roof.

PROJECT MANAGEMENT:

Ernie Cabral, Associate Civil Engineer
Public Works Department - Engineering Division

PROJECT STATUS:

ZFA Structural Engineers is continuing with the detailed design which will result in the delivery of a bid package for the fire station seismic retrofit and roof replacement. The seismic repairs will protect the building occupants and also provide a structure that is designed to be operational following a large seismic event. In addition, replacement of the chronically leaking roof structures over the offices and dormitory will be included as part of the retrofit project. Removal of the existing roof structures in preparation for replacement provides clear access to most of the seismic repair areas from above causing minimal disruption to the fire station daily activities below. By incorporating a roof replacement into the project, the costs associated with phasing and relocation of personnel and equipment will largely be avoided. Construction is planned to begin in spring 2013.

PROJECT SCHEDULE:	Q1			Q2			Q3			Q4		
	2012						2013					
	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun
Design						45%						
Bid & Award												
Construction												

BUDGET STATUS:

PROJECT BUDGET: \$174,000 (design costs only). During detailed design, a construction budget will be developed that reflects costs associated with both the retrofit and roof replacement.

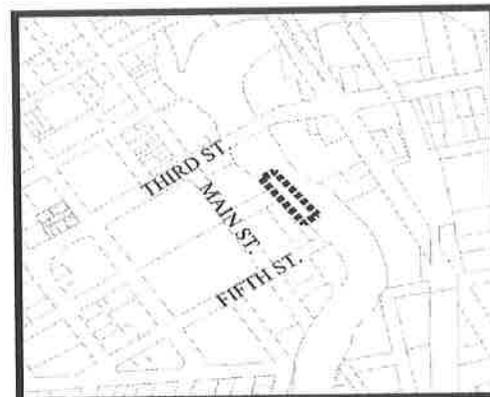

BUDGET EXPENDED TO DATE: Approximately \$57,000 has been spent to date on consultant selection, the preliminary analysis and project design.

CAPITAL IMPROVEMENT PROJECT STATUS REPORT

MAIN STREET BOAT DOCK PROJECT PROJECT NO. MS07PW01

PROJECT DESCRIPTION:

Design and construct a dock with a removable gangway in a flood event. The dock will be larger than the original dock, able to withstand a flood event, and compliment the new Riverfront development.

PROJECT AREA

PROJECT MANAGEMENT:

Mark P. Andrilla, Senior Civil Engineer
Public Works Department - Engineering Division

PROJECT STATUS:

- Schedule Project scheduled for construction in 2013, pending availability of funding. Per direction from City Management, construction in the 2012 season was postponed due to lack of funding.
- Cost / Funding With a 50' reduced dock length, the total project cost has been reduced to be approximately \$1.5M. Council appropriated the funds to the project in December 2012.
- Dredging All dredge sampling and analysis has been completed.
- Permitting The City obtained its Water Quality Certification from the California Regional Water Quality Control Board in November of 2011 and a permit from the Army Corps of Engineers in March of 2012. The Streambed Alteration Agreement with the California Department of Fish & Game was signed in November 2012. The California State Lands Commission approved the new lease agreement for the dock in December 2012. Permitting for the project is now complete.
- Environmental City Council adopted the Initial Study / Mitigated Negative Declaration and Mitigation Monitoring Program on February 1, 2011. A revised Joint Aquatic Resource Permit Application has been submitted to the Regional Water Quality Control Board.
- Design Per direction from City Council, the dock has been shortened by 50 feet. Revised construction plans were received in June 2011. Final plans were completed in December 2012. Project specifications are scheduled to be completed in March 2013.

PROJECT SCHEDULE

Actual Percentage Complete

CAPITAL IMPROVEMENT PROJECT STATUS REPORT

Napa Creek Box Culverts And Flood Terrace Project

PROJECT DESCRIPTION:

The Napa Creek Box Culverts and Flood Terrace Project will install box culverts and improve the existing Napa Creek channel to handle a 100-year storm. This is another piece of the Napa River Flood Protection Project.

PROJECT MANAGEMENT:

Army Corps of Engineers, Napa County Flood Control
Public Works, Construction Division
Mark Tomko

PROJECT STATUS:

Work primarily consisted of cleanup after the in-creek work. Piles were pulled and the stream banks completed and cleaned up. Other work included construction of the new parking lot at Clinton and Brown, and the Behrens Street cul-de-sac. The contractor is also working to correct deficiencies in the installation of bank stabilization and repairing storm damage. The City has been negotiating with the Flood District and Army Corps of Engineers to release the contractor from their paving obligation and provide the funding to the City to complete the paving. The paving requirements in the plans do not adequately correct or address the repairs required in the streets; therefore, with the funding from the project the streets could be repaired by City crews to achieve a better long term street section.

CAPITAL IMPROVEMENT PROJECT STATUS REPORT

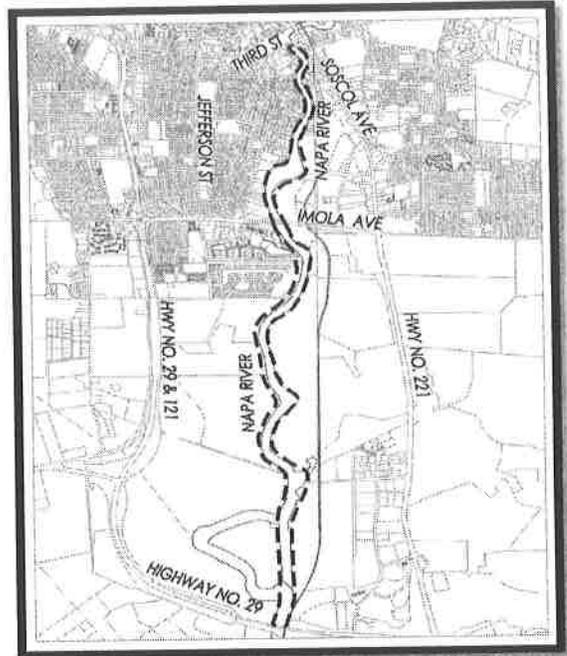

NAPA RIVER DREDGING PROJECT (NO PROJECT NUMBER CURRENTLY ASSIGNED)

PROJECT DESCRIPTION:

The Napa River Dredging Project is a limited-scope navigational maintenance dredging project of the Napa River by the Army Corps of Engineers from the Butler Bridge to Third Street.

PROJECT MANAGEMENT:

Public Works Department - Engineering Division

PROJECT AREA

PROJECT STATUS:

The Army Corps of Engineers ('Corps') currently has less than \$400,000 out of a rough estimate of \$2M to perform limited maintenance dredging from the State Highway 29 (Butler) Bridge to Third Street (down from an original balance of \$700,000). Nevertheless, the Corps agreed to begin a dredge project for this reach. The Corps completed their new hydrographic survey in May 2012. In addition, the City and the Napa County Flood Control District started the dredge sampling and analysis process with the Corps' Dredged Materials Management Office ('DMMO') both for the river dredge and the City's project to dredge the Boat Ramp at JFK Park in October 2012. Depending on the Corps' ability to fund a river dredge project, the City remains open to contributing available funds as well. In December 2012 the Council approved a \$25,000 appropriation to investigate the formation of a dredge maintenance district composed mainly of properties fronting the Napa River.

Saratoga Drive Extension Project (ST04PW02)

PROJECT DESCRIPTION:

The Saratoga Drive Extension Project extends Saratoga Drive to connect to Silverado Trail. The work consists of street construction, water, sanitary sewer, storm drains, joint trench, street lighting, and a traffic signal. There is utility construction on Silverado Trail that is part of the project.

PROJECT MANAGEMENT:

City of Napa, Public Works
Neil Mathiesen
Contractor:
Ghilotti Bros.

PROJECT STATUS:

The Notice to Proceed was issued on September 12. The City has attended a Partnering Meeting with Ghilotti Bros. and the Construction Management team for the Alexander Crossing Apartments. The two projects are adjacent to each other and construction is occurring at the same time. Coordination through Partnering is required to make each project successful. The work completed during this period was primarily SWPPP, earthwork, installation of a storm drainage and sanitary sewer main on Silverado Trail. Work during the next quarter will include continued closing of Silverado Trail between Sousa and Soscol on weekdays to install utilities in Silverado Trail and grading for the road widening. The project is expected to be completed by July 2013.

CITY of NAPA

Report on Service Center (CRM) activity Q2 FY 2012-13

The City of Napa Citizen Relationship Management (CRM) system is a web-based software system that contains a database of frequently asked questions and answers, allows a citizen to submit questions that are routed to staff based on the question content, and allows citizens to submit 27 different types of specific service requests.

This report focuses on the service request component of the CRM system, and specifically, the 24 service requests that are processed by the Public Works and Parks and Recreation Services departments. These two departments handle the bulk of external service requests.

Service requests can be fully completed online by the citizen through the Service Center portal accessed from www.cityofnapa.org. Internally, staff can generate service requests on behalf of the citizen as information is delivered in telephone calls, email, or in-person contact.

A total of **499 external service requests** were received and closed by Public Works and Parks and Recreation via the CRM system in the second quarter of FY 2012-13. This is three fewer requests than submitted in the first quarter of FY 2013-13 and 28 more than the number submitted one year ago in the second quarter of FY 2011-12.

The accompanying table shows the total number of service requests made in the 24 request types handled by Public Works and Parks and Recreation Services during the period Oct 1-Dec 31, 2012, and shows performance in responding to and closing requests within the City's expected timeframe, or Service Level Agreement (SLA.) Categories highlighted in green met or exceeded the SLA.

NOTES:

SLAs were met or exceeded in 19 of 24 service request types for this reporting period. This represents one of the best levels of performance since the CRM system was instituted.

Misc park/public space issue: There were only 5 reports in this category in this reporting period. The reason for the 19.44 average number of days open is that one service request was assigned to an employee who had retired but had not been removed from the CRM system, causing this item to remain open and “lost” in the system for 88 days. This is an error that has been remedied through changes to the process of administering the back-office function of the CRM.

Graffiti: The number of requests under the “graffiti” category is not reflective of the total number of graffiti issues submitted to the City. This is due to many graffiti reports being processed outside the CRM system.

External Service Requests closed by Public Works and Parks and Recreation Services

Oct 1-Dec 31, 2012

Service Request Type	Number this quarter	Average no. of days open	SLA
Bad sidewalk or curb	2	2.69	5
City landscaping issue	4	3.53	6
Clogged storm drain	1	8.88	1
Construction site problems	2	5.27	1
Dead Animal	25	0.62	1
Graffiti	5	1.23	2
Light out	136	1.08	3
Litter or debris	38	1.65	2
Miscellaneous park/public space issue	5	19.44	5
New streetlight	2	1.15	5
