

Citizens Academy Application

The Citizens Academy is an nine-week interactive program, held on consecutive Wednesday evenings (and one afternoon session that includes a citywide bus tour) geared to learning about the City of Napa. Each week will focus on a different aspect of Napa's municipal government, which includes General Government, Finance and Administrative Services, Community Development, Public Works (including Materials Diversion and Water), Parks and Recreation, Police, and Fire.

Applicants are encouraged from all segments of the city. Enrollment for each class session is limited to 25 participants, 18 years or older, and must be Napa residents. Application on file does not guarantee enrollment.
