SUGGESTIONS AND INFORMATION

Downtown Napa contains several one-way streets that are marked by arrows on the map. For easier parking please note which streets are one-way and two-way.

Bicycle racks are conveniently placed throughout Downtown Napa.

PARKING RULES AND REGULATIONS

Time limits are clearly posted in all controlled parking areas. Look for signs or curb markings. After you have parked in a time zone for the posted time, you must move your vehicle to another space to avoid being cited. *It is illegal to remove a chalk mark from your vehicle's tire.*

Permit Parking:

Certain spaces are reserved for permit holders and are clearly posted. Citations will be given for parking in these reserved spaces without a permit Monday through Friday, 8:00 am to 5:00 pm. For more information on purchasing a permit call 707-258-7880 x7701.

Disabled Access Parking:

These zones and spaces are marked by a blue sign or wheel chair icon painted in the space. These spaces are reserved for vehicles with license plates or placards issued by the State that specifically identify a disabled driver.

Compact Spaces:

Compact parking spaces are smaller than standard spaces and are purposely located in areas where spaces and driveway aisle widths are limited. If you park a standard-sized or larger vehicle in a compact space, you will be cited if the rear of your vehicle protrudes beyond the end of the space.

IF YOU RECEIVE A PARKING TICKET

You must pay the appropriate fine within 21 calendar days of receiving a ticket in order to avoid incurring a late penalty. Payment procedures are outlined on the bottom of the citation. If you wish to discuss the reason why your vehicle was ticketed, you may call 1-800-989-2058.
