STORMWATER CHECKLIST

Stormwater Best Management Practices During Construction Requirements

http://www.cityofnapa.org/images/publicworks/BUD/escp_reviewprocjun2014.pdf

Type of Project	Stormwater Pollution Prevention Plan (SWPPP)	Erosion and Sediment Control Plan (ESCP)	Erosion and Sediment Control Brochure
Projects disturbing less than 10,000 SF of soil			X
Projects issued Grading Permits		X	
Projects issued Building Permits within 50ft of MS4		X	
Projects issued Building Permits disturbing more than 10,000 SF (but less than an acre) of soil		X	
Projects issued Building Permits installing new storm drains that discharge to the MS4 or a creek		X	
Projects issued Building Permits on slopes of 5% or greater		X	
Projects disturbing an acre or more of soil	X	X	

Post Construction Stormwater Quality Requirements

<http://www.basmaa.org/BoardandCommittees/Phasell.aspx>

Type of Project	Stormwater Control Plan
Roads and Linear Utility Projects (LUP's) that create 5,000 SF or more of newly constructed, contiguous impervious surface	X
Single family homes-projects that create or replace 2,500 SF or more of impervious surface	X
Small projects that create or replace between 2,500 and 5,000 SF of impervious surface	X
Regulated projects other than single family homes that create or replace 5,000 SF or more of impervious surface	X

1. Each project submitted should be run through the "Stormwater Best Management Practices During Construction Requirements" checklist to check for applicability.
 - a. Applicants with questions should refer to the Erosion and Sediment Control Template: http://www.cityofnapa.org/images/publicworks/BUD/escp_reviewprocjun2014.pdf or the Construction General Permit.
2. Each Project submitted should be run through the "Post Construction Stormwater Quality Requirements" checklist to check for applicability.
 - a. Applicants with questions should refer to the BASMAA Post-Construction Manual: <http://www.basmaa.org/BoardandCommittees/Phasell.aspx>, under projects and programs.
3. Applicants should visit the State Water Resources Control Board at www.swrcb.ca.gov/stormwtr/industrial.html to find out if their project(s) qualify for a General NPDES Permit for Stormwater Discharges Associated with Industrial Activities.
4. Projects that meet stormwater requirements need to submit one (1) set of plans with attention to Public Works/Stormwater review prior to project approval.

All forms and handouts are available on www.cityofnapa.org
